INDEPENDENT AUDITOR'S REVIEW REPORT

The Board of Directors of JobsOhio:

Results of Review of Interim Financial Information

We have reviewed the accompanying statement of net position of JobsOhio, a component unit of the State of Ohio, and its component units JobsOhio Beverage System, JobsOhio Growth Capital, LLC, and Green Jobs Properties, LLC (collectively the "Entity") as of March 31, 2025, and the related statements of revenue, expenses, and changes in net position for the three-month and nine-month periods then ended and of cash flows for the nine-month periods then ended, and the related notes (collectively referred to as the "interim financial information").

Based on our review, we are not aware of any material modifications that should be made to the accompanying interim financial information for it to be in accordance with accounting principles generally accepted in the United States of America.

Basis for Review Results

We conducted our review in accordance with auditing standards generally accepted in the United States of America (GAAS) applicable to reviews of interim financial information. A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. A review of interim financial information is substantially less in scope than an audit conducted in accordance with GAAS, the objective of which is an expression of an opinion regarding the financial information as a whole, and accordingly, we do not express such an opinion. We are required to be independent of the Entity and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our review. We believe that the results of the review procedures provide a reasonable basis for our conclusion.

Responsibilities of Management for the Interim Financial Information

Management is responsible for the preparation and fair presentation of the interim financial information in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of interim financial information that is free from material misstatement, whether due to fraud or error.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3-8 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's response to our inquiries, the basic financial statements, and other knowledge we obtained during our review of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

(In thousands)

The management of JobsOhio offers this narrative overview and analysis of the financial activities of JobsOhio. The information presented in this overview and analysis should be considered in conjunction with JobsOhio's basic financial statements, which follow this material. Financial statements prepared by JobsOhio include its component units, JobsOhio Growth Capital ("JOGC"), Green Jobs Properties ("GJP"), and JobsOhio Beverage System ("JOBS"), however the following information is solely based on JobsOhio's financial activities and is presented in a non-blended format. Management's discussion and analysis of JOBS is included in that corporation's separately issued basic financial statements.

Financial Highlights

- Total assets increased 1% in the nine months ended March 31, 2025 from \$1,316,036 in the fiscal year ended June 30, 2024 to \$1,324,962 in the nine months ended March 31, 2025.
- Total liabilities decreased 5% in the nine months ended March 31, 2025 from \$510,290 in the fiscal year ended June 30, 2024 to \$484,813 in the nine months ended March 31, 2025.
- Operating and non-operating revenues decreased 5% in the nine months ended March 31, 2025 when compared to the same time period one-year prior from \$262,521 in the nine months ended March 31, 2024 to \$249,833 in the nine months ended March 31, 2025.
- Total operating expenses increased 14% in the nine months ended March 31, 2025 when compared to the same time period one-year prior from \$189,046 in the nine months ended March 31, 2024 to \$215,430 in the nine months ended March 31, 2025.

Overview

JobsOhio is a 501(c)(4) non-profit organization formed under chapters 1702 and 187 of the Ohio Revised Code to promote economic development, job creation, job retention, job training, and the recruitment of business to the state of Ohio (State). JobsOhio is the sole member of JobsOhio Growth Capital, which makes debt and equity investments in companies with operations in Ohio. JobsOhio is also the sole member of Green Jobs Properties, which owns a warehouse. JobsOhio is also the sole member of the JobsOhio Beverage System, which operates the franchise for the sale of spirituous liquor throughout the State. The purchase was financed in fiscal year 2013 by JOBS' issuance of \$1,510,685 of special obligation bonds.

The Franchise and Transfer Agreement ("Transfer Agreement") calls for JOBS to pay the State an annual "Supplemental Payment" as additional consideration for the liquor enterprise when profits of the franchise exceed a predetermined level. The Supplemental Payment to the State is based upon a formula specified in the Transfer Agreement and is paid based on results of the fiscal year. In accordance with this provision, JOBS recorded Supplemental Payment expense of \$55,462 and \$72,815 for the nine months ended March 31, 2025 and 2024, respectively.

During each of the nine months ended March 31, 2025 and 2024, JobsOhio received grants and contributions from JOBS totaling \$195,000 and \$190,000, respectively. These grants comprise funding from operating income of the liquor franchise by JOBS.

Discussion of Basic Financial Statements

The activities of JobsOhio are accounted for on a fiscal year basis, comprising 12 calendar months ending June 30 of each year. These activities are accounted for as an enterprise fund, reporting all financial activity, assets, and liabilities using the accrual basis of accounting in the same manner as with private sector businesses. Financial statements prepared by JobsOhio include its component units, JOGC, GJP, and JOBS, and include the blended statement of net position; statement of revenues, expenses, and changes in net position; statement of cash flows and the related notes. This information is also presented in a non-blended format in the notes to basic financial statements.

The statement of net position provides information about assets and liabilities and reflects the financial position at fiscal year-end. The statement of revenues, expenses, and changes in net position reports the revenue activity and the expenses related to such activity for the quarter and current fiscal year to date. The statement of cash flows outlines the cash inflows and outflows for the current fiscal year to date. These statements provide current and long-term information about JobsOhio's financial position.

The financial statements also include notes that provide additional information essential to a full understanding of the information provided in the statements.

Management's Discussion and Analysis

March 31, 2025 and 2024

(In thousands)

Current assets consist of cash in demand deposits, investments, prepaid expenses, receivable due from JOBS and GJP, as well as outstanding principal from loans to promote economic development due within the following twelve months. Current assets decreased 4% in the nine months ended March 31, 2025 from \$1,019,724 in the fiscal year ended June 30, 2024 to \$975,482 in the nine months ended March 31, 2025. The decrease was primarily due to investment maturities and market performance.

Long-term assets consist of investments in subsidiary companies, outstanding principal from loans made for economic development programs due after the following twelve months, right-to-use lease assets, net of accumulated amortization, right-to-use subscription assets, net of accumulated amortization, capital assets, and an intangible asset for a trademark. Long-term assets increased 18% in the nine months ended March 31, 2025 from \$296,312 in the fiscal year ended June 30, 2024 to \$349,480 in the nine months ended March 31, 2025, primarily due to the additional investments in subsidiary companies and innovation district loan.

Current liabilities represent accounts payable, accrued liabilities, a revolving note, and the current portion of lease and subscription liabilities. Current liabilities decreased 5% in the nine months ended March 31, 2025 from \$339,606 in the fiscal year ended June 30, 2024 to \$323,811 in the nine months ended March 31, 2025. The decrease was primarily due to the accrual of economic development program expense.

Long-term liabilities consist of amounts due for lease and subscription liabilities, the long-term portion of accrued grant expense, and an economic development program designed to support community banks and local Ohio port authorities. Long-term liabilities decreased 6% in the nine months ended March 31, 2025 from \$170,684 in the fiscal year ended June 30, 2024 to \$161,002 in the nine months ended March 31, 2025. The decrease was primarily due to the accrual of economic development program expense.

Net position increased 4% for the nine months ended March 31, 2025, from a net position of \$805,746 in the fiscal year ended June 30, 2024 to a net position of \$840,149 as of the nine months ended March 31, 2025.

The primary source of revenue for JobsOhio is grants from JOBS, however JobsOhio also earns revenue from its investments, as well as interest on loans made for economic development programs. For the nine months ended March 31, 2025, total operating and nonoperating revenues were \$249,833, a decrease of \$12,688 over the same time period one-year prior of \$262,521. This change is primarily due to a decrease in investment income due to market performance.

Management's Discussion and Analysis

March 31, 2025 and 2024

(In thousands)

Operating expenses increased by \$26,384 in the nine months ended March 31, 2025, from \$189,046 in the nine months ended March 31, 2024 to \$215,430 in the nine months ended March 31, 2025. This change is primarily due to the marketing campaign for talent attraction to Ohio.

JobsOhio experienced an increase in net position of \$34,403 in the nine months ended March 31, 2025, resulting in a net position of \$840,149. For the nine months ended March 31, 2024, there was an increase in net position of \$78,475. The major factor affecting these changes was the amount of economic development program expense.

Capital Asset Activity

Capital asset additions increased by \$1,749 in the nine months ended March 31, 2025 and were primarily due to expenses related to new website modules and the internal data analytics tools. Capital asset additions were \$1,191 in the fiscal year ended June 30, 2024. Refer to page 25 of the notes to the financial statements for further information on capital assets.

JobsOhio Growth Capital

JobsOhio Growth Capital ("JOGC") was formed as a nonprofit limited liability company on April 15, 2021, pursuant to and in accordance with Chapter 1705 of the Ohio Revised Code, as amended from time to time, and as superseded by Chapter 1706 of the Ohio Revised Code effective January 1, 2022 (the "LLCA"), with JobsOhio as the sole member. The purpose of JOGC is to make debt and equity investments in companies with operations in Ohio through the JobsOhio Growth Capital Program, to operate other programs supporting economic development in Ohio, and to engage in any lawful act or activity for which limited liability companies may be formed under the LLCA and to engage in any and all necessary or incidental activities, in all cases that support the not-for-profit purposes and activities of JobsOhio.

Green Jobs Properties

Green Jobs Properties ("GJP") was formed as a nonprofit limited liability company on September 11, 2020, pursuant to and in accordance with the LLCA, with JobsOhio as the sole member. The purpose of GJP is to own and lease a warehouse and to engage in any lawful act or activity for which limited liability companies may be formed under the LLCA and to engage in any and all necessary or incidental activities, in all cases that support the not-for-profit purposes and activities of JobsOhio.

(1) Unaudited Financial Statements

The financial information included in these financial statements is unaudited. In the opinion of management, all adjustments (consisting of only normal recurring adjustments) necessary for a fair presentation of the statements of net position; the statements of revenues, expenses, and changes in net position; and the statements of cash flows for the period presented have been made on a consistent basis.

These financial statements should be read in conjunction with the financial statements and notes contained in JobsOhio's audited financial statements for the year ended June 30, 2024.

(2) Summary of Significant Accounting Policies

(a) Organization

JobsOhio was formed under the laws of the state of Ohio ("State") and was established to encourage business development in the State. JobsOhio was incorporated on July 5, 2011, as a nonprofit corporation under Chapters 1702 and 187, Revised Code, to promote economic development, job creation, job retention, job training, and the recruitment of business to Ohio. JobsOhio is governed by a Board of Directors appointed by the Governor of Ohio.

The accompanying financial statements include the accounts of JobsOhio Growth Capital ("JOGC"), Green Jobs Properties ("GJP"), and JobsOhio Beverage System ("JOBS"), its component units (collectively the "Entity"). JOGC, GJP, and JOBS are considered blended component units of JobsOhio.

JOGC was formed as a nonprofit limited liability company on April 15, 2021, pursuant to and in accordance with Chapter 1705 of the Ohio Revised Code, as amended from time to time, and as superseded by Chapter 1706 of the Ohio Revised Code effective January 1, 2022 (the "LLCA"), with JobsOhio as the sole member. The purpose of JOGC is to make debt and equity investments in companies with operations in Ohio through the JobsOhio Growth Capital Program, to operate other programs supporting economic development in Ohio, and to engage in any lawful act or activity for which limited liability companies may be formed under the LLCA and to engage in any and all necessary or incidental activities, in all cases that support the not-for-profit purpose and activities of JobsOhio.

GJP was formed as a nonprofit limited liability company on December 19, 2023, pursuant to and in accordance with the LLCA, with JobsOhio as the sole member. The purpose of GJP is to own and lease a warehouse and to engage in any lawful act or activity for which limited liability companies may be formed under the LLCA and to engage in any and all necessary or incidental activities, in all cases that support the not-for-profit purposes and activities of JobsOhio.

JOBS is governed by a Board of Directors appointed by JobsOhio as the sole member of JOBS. JOBS, previously known as the Ohio Business Development Coalition ("OBDC"), was incorporated on June 3, 2004, as a nonprofit corporation under Chapter 1702, Revised Code, for the promotion of business and economic development in the State. On July 6, 2011, by action of its Board of Directors, the OBDC

amended its Articles of Incorporation to transfer control of OBDC to JobsOhio. The Internal Revenue Service determined that JOBS qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code for federal income tax purposes.

On February 1, 2013, JOBS effected a major change in its business model, acquiring an exclusive 25-year franchise for the sale of spirituous liquor in the state of Ohio to fund economic development activities by JobsOhio, its sole member. On February 12, 2025, the Ohio Controlling Board approved an agreement between JobsOhio and the Ohio Office of Budget and Management which effectuated a 15-year extension of the JobsOhio Beverage System's liquor franchise term. As a result, the termination date of the franchise is 40 years from February 1, 2013. See Note 2(u), below, for information on this transaction.

The accounting policies and financial reporting practices of JobsOhio, JOGC, GJP, and JOBS conform to accounting principles generally accepted in the United States of America ("GAAP") as applicable to governmental units.

(b) Basic Financial Statements

As a special-purpose primary reporting entity engaged only in business-type activities, JobsOhio presents financial statements required for enterprise funds. For such entities, the basic financial statements include the statement of net position; statement of revenues, expenses, and changes in net position; statement of cash flows; and notes to basic financial statements.

(c) Measurement Focus and Basis of Accounting

The Entity reports its financial statements using the economic resources measurement focus (i.e., full accrual) and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

(d) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(e) Cash and Cash Equivalents

Cash equivalents includes all demand deposits with commercial banks and money market accounts, as well as all short-term, highly liquid investments that are readily convertible to cash and all short-term debt securities purchased with an original maturity of three months or less. Cash equivalents include money market investment funds in overnight investments and certificate of deposits with maturities of six months or less.

(f) *Restricted Assets*

In accordance with a Master Trust Indenture and related agreements associated with JOBS' bond issuances, separate restricted accounts are required to be established. Assets held in these accounts are restricted for specific uses, including debt service and other special reserve requirements.

(g) *Investments*

Investments are reported at fair value. Fair values for investments are determined by closing market prices at year-end as reported by the investment custodian. Accordingly, changes in fair value are included in net income in the period earned.

(h) *Other long-term investments*

Other long-term investments represent equity holdings in unrelated companies. These holdings were direct equity investments or originally recognized as loan receivable balances and converted to investments upon borrowers achieving certain criteria. Other long-term investments are carried at cost at time of purchase, less the allowance for equity investment losses.

(i) *Allowance for equity investment losses*

The allowance for equity investment losses is established, as necessary, based on past experience and other factors which, in management's judgment, deserve current recognition in estimating future equity investment losses. Management's estimate considers such factors as portfolio company reporting, communication with portfolio companies, and communication with other co-investors. Based on the review of the factors, an amount is calculated and a provision is made to reflect the estimated balance. While management uses available information to recognize losses, future adjustments to the allowance may be necessary. At March 31, 2025, the amount of allowance for equity investment losses was \$0, and is reported in the Entity's statement of net position as part of "other long-term investments, net of loss allowance".

(j) *Inventory*

The Entity's inventory of spirituous liquor consists of inventory withdrawn from bailment for shipment to agency stores, inventory in transit in commercial carriers, and inventory in agency stores. Inventory is valued at the lower of cost or net realizable value with costs determined using the first-in, first-out method ("FIFO"). The costs of liquor product, warehouse services, transportation services, and transfer movements are reported as part of merchandise inventory and are charged to cost of goods sold as product is sold.

In the business model used by the Entity, spirituous liquor inventory is purchased at warehouses, transported by freight companies under contract to the Entity, and delivered to agency stores. Although the freight companies and the agency stores contractually assume the risk of loss, the ultimate risk of loss remains with the Entity. Legal title to the inventory is held by the Entity to the point of sale by the agency stores, which collect sale proceeds as agents for the Entity and make daily remittances to the Entity. A commission for

the sales is subsequently paid to the agency stores by the Entity.

In regard to a subset of agency stores known as “interim agency stores,” under the terms of the Franchise and Transfer Agreement (“Transfer Agreement”), at the point inventory is delivered to an interim agency store, title to such inventory transfers to the Ohio Division of Liquor Control on a cost-free basis. However, the economic substance of such transactions does not differ from that for regular agency stores. On the basis of the Entity’s contractual rights and the status of the interim agency stores as agents of the Entity, such inventory is considered an asset of the Entity, is reported as inventory on the Entity’s statement of net position, and upon sale the cost of such inventory is included in cost of goods sold. Inventory at interim agency stores as of March 31, 2025 was \$16,004.

(k) Loans

Loans are carried at the unpaid principal balance outstanding, less the allowance for estimated loan losses. They are included in current assets, except for maturities greater than twelve months after the statement of net position date, which are classified as long-term assets.

(l) Allowance for Loan Losses

The allowance for loan losses is established, as necessary, based on past experience and other factors which, in management’s judgment, deserve current recognition in estimating future loan losses. Management’s estimate considers such factors as the payment history of the loans, guarantees, historical loss experience, and overall economic conditions. Based on the review of the factors, an amount is calculated and a provision is made to reflect the estimated balance. While management uses available information to recognize losses, future adjustments to the allowance may be necessary based on changes in economic conditions. At March 31, 2025, the amount of allowance for loan losses was \$24,188, and is reported in the Entity’s statement of net position as part of “loans, net of loss allowance”.

(m) Receivables

Receivables are reported at the actual outstanding balance, less the allowance for uncollectable accounts. Interest is not accrued on overdue receivables.

(n) Allowance for Uncollectable Accounts

The allowance for uncollectable accounts is established, as necessary, based on past experience and other factors which, in management’s judgment, deserve current recognition in estimating future uncollectable accounts. Management’s estimate considers such factors as inventory reconciliation and historical experience. Based on the review of the factors, an amount is calculated, and a provision is made to reflect the estimated balance. While management uses available information to recognize losses, future adjustments to the allowance may be necessary. At March 31, 2025, the amount of allowance for uncollectable accounts was \$679 and is reported in the Entity’s statement of net position as part of “receivables, net of allowance for uncollectable accounts”.

(o) Prepaid Expenses

Payments to vendors representing costs applicable to future accounting periods are recorded as prepaid expenses in the financial statements. The cost of prepaid expenses is recorded as expenses when consumed rather than when purchased.

(p) Intangible Assets

The intangible asset represents both an exclusive franchise for the sale of spirituous liquor in the State, as well as a trademarks for the OHLQ logos and slogans. The liquor franchise is amortized on a straight-line basis over the term of the franchise. The original franchise term of 25 years was updated to 40 years effective February 2025. Amortization expense for the liquor franchise for the three and nine months ended March 31, 2025 was \$8,871 and \$36,469, respectively.

(q) Capital Assets

Capital assets, which include property and equipment, are reported in the basic financial statements. The Entity defines capital assets as assets with an expected useful life of one year or more from the time of acquisition and a cost of five thousand dollars or more. Such assets are recorded at historical cost, less accumulated depreciation.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Software	3 – 5 years
Furniture and fixtures	3 – 10 years
Leasehold improvements	Lesser of 10-year amortization period or lease term
Equipment	3 – 10 years
Building	40 years

(r) Net Position

Net position is displayed in three components as follows:

- Net investment in capital assets – represents capital assets, net of accumulated depreciation less the outstanding balances of bonds, notes, and other borrowings used to acquire, construct, or improve those assets. This includes right-to-use lease and subscription assets, net of accumulated amortization, less the corresponding lease and subscription liabilities.
- Restricted – consists of net position that is legally restricted externally by creditors, contributors, laws, or regulations or internally by enabling legislation.
- Unrestricted – consists of net position that does not meet the definition of net investment in capital assets or restricted.

The Entity's restricted assets relate to the debt service and other amounts owed as required by the debt service agreements and are reported as part of "cash and cash equivalents – restricted" on the statement of net position. However, such amounts are always less than or equal to the liabilities that are used in the calculation of the restricted assets. As a result, the restricted component of net position, as defined above, would be negative or zero, and it would be irrelevant to present this line separately if the balance is negative (deficit) or zero.

(s) *Classification of Revenues and Expenses*

Revenues and expenses are classified as operating or nonoperating and are recognized in the period received. Under the Entity's definition:

- "Operating revenues" includes all revenues resulting from transactions and activities, other than financing and investing activities, related to the distribution, merchandising, and sale of spirituous liquor in the State under the authority of the liquor franchise sold to the Entity by the State on February 1, 2013, as well as rebates on those sales. Included are revenues for services performed in the distribution centers related to receiving and preparing product for distribution, as well as loan application fees and loan interest.
- "Operating expenses" includes all expenses resulting from transactions and activities, other than financing and investing activities, related to the distribution, merchandising, and sale of spirituous liquor in the State under the authority of the liquor franchise sold to the Entity by the State on February 1, 2013, as well as costs that support economic development activities.

All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

The Entity has loan and grant programs for private businesses in the State to support economic development. For the nine months ended March 31, 2025, the Entity issued grants for such purposes, reported in the Entity's statement of revenues, expenses, and changes in net position as "economic development programs" expense.

As part of the loan program, the Entity charges applicants an application fee, which is used to offset the cost of having a loan agreement drafted by outside counsel. Total revenue from application fees received during the three and nine months ended March 31, 2025 was \$24 and \$72, respectively. Revenue from application fees is included in the Entity's statement of revenues, expenses, and changes in net position as "Fees and other."

(t) *Risk Management/Insurance*

The Entity is exposed to various risks of loss related to torts and general liability; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Entity procures commercial insurance policies for commercial crime, management liability, directors' and

officers' liability, employment practices, automobile liability, employers' liability, general liability, crime, and property. No claims have been submitted against the Entity since its incorporation and no liabilities have been identified or recorded. It is the Entity's policy that liabilities are to be reported when it is probable that a loss has occurred, and the amount of the loss can be reasonably estimated. Since no claims have been submitted, settled claims have not exceeded commercial coverage.

(u) Liquor Franchise

On February 1, 2013, the Entity and the State, through the Ohio Department of Commerce and the Ohio Office of Budget and Management, entered into a Transfer Agreement. Under the terms of the Transfer Agreement, the Entity purchased from the State an exclusive franchise for the sale of spirituous liquor throughout the State. In return, the Entity transferred cash to the State and committed to Supplemental Payments (described below), to the State based upon sales of spirituous liquor by the Entity. Pursuant to the Transfer Agreement, the Entity will receive all gross revenue from the distribution, merchandising, and sale of spirituous liquor in the State.

The liquor franchise established by the Transfer Agreement and subsequently amended by the First Amendment to the Franchise and Transfer Agreement terminates 40 years from February 1, 2013. During the term of the franchise, the Entity is responsible for operating the "Liquor Business," as that term is defined in the Transfer Agreement, while the State will, under contract with the Entity, perform merchandising as a contract service, and will retain all liquor regulatory functions.

"Supplemental Payments," are payments to the State based upon a formula specified in the Transfer Agreement. Beginning with the fiscal year ended June 30, 2014, if "Liquor Business Profits," as that term is defined in the Transfer Agreement, for a fiscal year exceed a threshold amount of Liquor Business Profits set for that fiscal year (Base Franchise Profits (\$367,133 for fiscal year ended June 30, 2025)), then the Entity is required to make a cash payment to the State equal to 75 percent of the amount by which Liquor Business Profits exceed Base Franchise Profits. Total Supplemental Payment expense for the three and nine months ended March 31, 2025 was \$14,625 and \$55,462, respectively.

The Entity also contemporaneously contracted with the Ohio Department of Commerce for the continued operation and management of the Liquor Business under an Operations Services Agreement ("Services Agreement"). Under the Services Agreement, the Ohio Department of Commerce will provide ongoing operations, management, and administrative services related to the Liquor Business. Covered services include administrative support, tax support and reporting, information technology, agency operation and review, merchandise marketing and advertising, real property leasing, and management. Total service fees expense in the three and nine months ended March 31, 2025 was \$5,146 and \$15,437, respectively.

Contemporaneously with the execution of the Transfer Agreement and the Services Agreement, special obligation revenue bonds were issued by the Entity under the provisions of a Master Trust Indenture and first and second Supplemental Trust Indentures, dated February 1, 2013 (collectively referred to as the

JOB SOHIO
(A Component Unit of the State of Ohio)

“Indenture”) between the Entity and Huntington National Bank (“Trustee”). The bonds and any additional obligations are paid solely from the Trust Estate, which consists primarily of the Liquor Business Profits, the Revenue Fund, the Tax Fund, the Debt Service Fund, and Supplemental Payment Reserve Fund, maintained by the Trustee. The bonds are special, limited obligations of the Entity, payable solely from assets held in the Trust Estate, and are not general obligations of the Entity or the State.

The Entity is required to maintain certain accounts with the Trustee as specified by the Indenture. The Entity grants, assigns, pledges, and transfers to the Trustee, for the benefit of the bondholders, all right, title, and interest in the Liquor Business Profits to provide for debt service of the bonds. Funds established by the Indenture are restricted for payments of tax related to the sale of liquor, operating expenses of the Liquor Business, debt service, and Supplemental Payments to the State.

(v) Use of Restricted and Unrestricted Resources

In the event that the Entity is to fund outlays for a particular purpose from both restricted and unrestricted resources, in order to calculate the amounts to report as restricted and unrestricted net position in the financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Entity’s policy to consider restricted net position to have been depleted before unrestricted net position is applied.

(w) Compensated Absences

The Entity provides no paid time off to part-time employees. Full-time employees (nonexecutive) are granted paid time off in annual amounts which increase with the individual employees’ years of service on the basis of the following schedule:

<u>Years of Service</u>	<u>Annual Paid Time Off</u>
0 - 2	4 weeks
3 - 6	5 weeks
7+	6 weeks

Paid time off is not contingent upon services already rendered and no payment is made for unused paid time off at termination or retirement.

(x) Accounting Pronouncements

GASB Statement No. 101, *Compensated Absences*, updates the recognition and measurement guidance for compensated absences. The requirements of this Statement will result in a liability for compensated absences that more appropriately reflects when an obligation is incurred. The requirements of this Statement have been implemented for the nine months ended March 31, 2025 and had no impact.

GASB Statement No. 102, *Certain Risk Disclosures*, provides users of governmental financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. The requirements of this Statement have been implemented for the nine months ended March 31, 2025.

(y) New Accounting Pronouncements

GSAB Statement No. 104, *Disclosure of Certain Capital Assets*, updates the requirement for disclosing capital assets by requiring certain types of capital assets to be disclosed separately in the capital asset note. The requirements of this Statement are effective for financial statements for fiscal years beginning after June 15, 2025. The Entity is assessing the impact of GASB Statement No. 104 to its financial statements and will implement in the timeline required by GASB.

(z) Subsequent Events

On May 1, 2025, the Entity contemporaneously entered into a Loan Agreement and Swap Transaction to finance the warehouse owned in Groveport, Ohio in the amount of \$51,765 with a 10-year term. Net proceeds from the transaction were used to pay down the Revolving Note.

The entity has evaluated subsequent events through May 28, 2025, the date of basic financial statement issuance, to determine if either recognition or disclosure of significant events or transactions was required. No additional subsequent events requiring additional disclosure were identified.

(3) Detailed Notes on Activities and Funds

(a) Assets

1. Cash Deposits and Investments with Financial Institutions

The Entity is not subject to statutory restrictions on deposits or investments on certain accounts. All deposit and investment activity are governed by a policy adopted by the Entity's Board of Directors. Cash deposits consist of amounts held in demand accounts.

Custodial Credit Risk - Custodial credit risk is the risk that, in the event of a bank failure, the Entity's deposits may not be returned. The Entity's investment policy adopted by the Board of Directors provided that the Entity minimizes credit risk as to cash deposits by prequalifying financial institutions with which the Entity will do business. Of the total bank balance at March 31, 2025 \$3,544 was insured through the Federal Deposit Insurance Corporation (FDIC). The remaining \$136,223 was uninsured and exposed to custodial credit risk.

The Entity has a checking account that is linked to an overnight sweep account, under which total uninvested cash is automatically transferred (or swept) from the primary cash accounts into a money market mutual fund that invests primarily in short-term, high-quality, fixed-income, domestic-sourced securities issued by banks, corporations, and the U.S. government, rated in the highest short-term category or of comparable quality. The money market mutual fund was rated Aaa-mf by Moody's. The amount invested in the money market mutual fund was \$101,226 as of March 31, 2025.

Certain Investments Classified as Cash Equivalents

Pursuant to the terms of the Indenture, the Transfer Agreement, and the Services Agreement, the Entity is required to comply with various covenants and requirements. All financial covenants associated with the agreements executed in connection with the franchise transaction have been fully complied with as of March 31, 2025.

The Entity is required to maintain certain accounts with the Trustee as specified by the Indenture. The Entity grants, assigns, pledges, and transfers to the Trustee, for the benefit of the bondholders, all right, title, and interest in the Liquor Business Profits to provide for debt service of the bonds. Funds maintained in certain accounts are restricted for State tax payments, operating expenses of the Liquor Business, debt service, costs of bond issuance, and Supplemental Payments.

The following funds have been established by the Indenture:

Fund	Fund custody	March 31, 2025	
		Unrestricted	Restricted
Revenue fund	Trustee	\$ -	\$ 9,257
Tax fund	Trustee	-	1

2. Cash with Fiscal Agents

As indicated in note 2(j) above, agency stores under contract with the Entity collect sale proceeds as agents for the Entity and are contractually required to segregate such proceeds and to remit them to the

Entity on a daily basis. The agency stores are responsible for any risk of loss while in their possession and such amounts are typically swept into the Entity's bank accounts within two to three business days. The balance of these sale proceeds under such contractual arrangements as of March 31, 2025 was \$24,389. Custodial credit risk as to these amounts was addressed by surety bond coverage required under the contracts between the Entity and each agent.

3. Investments

The Entity is not subject to statutory restrictions on investments. The Entity's formal investment policy statement, as adopted by the Board, is the basis for all investment activity. Authorized investments under the Board policy include cash and cash equivalents, investment-grade bonds, high yield bank loans, high yield bonds, emerging market bonds, United States public equities, international public equities, private real estate, and private equity.

The Entity categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on valuation inputs used to measure fair value of the assets. Level 1 inputs are quoted prices in an active market for identical assets, Level 2 inputs are significant other observable inputs, and Level 3 inputs are significant unobservable inputs.

The following is a summary of the investments by fair value category as of March 31, 2025:

		Fair Value Measurements Using

(Unaudited)

(In thousands)

Investments classified in Level 2 of the fair value hierarchy are valued using matrix pricing techniques maintained by various pricing vendors. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. Fair value is defined as the quoted market value on the last trading day of the period. These prices are obtained from various pricing sources the investment managers.

Investments classified at NAV are excluded from the fair value hierarchy. These assets are valued by the investment managers.

The Entity may, from time to time, have investments where the funds have been sent to the investment managers, but the investment transaction has not settled as of the end of financial statement period. These investments are referred to as investments in transit. The Entity had investments in transit of \$0 as of March 31, 2025.

Liquidity and Interest Rate Risk – As a means of limiting exposure to fair value losses arising from rising interest rates, the Entity's investment policy generally requires that the investment portfolio remain sufficiently liquid to meet all operating and economic development programmatic needs.

As of March 31, 2025, the maturities of the Entity's investments are as follows:

	Fair Value	Investment maturity			
		1 year or less	Between 1 and 5 years	Between 5 and 10 years	More than 10 years
U.S. government obligations	\$ 121,446	\$ 32,369	\$ 50,051	\$ 32,050	\$ 6,976

Credit Risk – To minimize credit risk, the Entity prequalifies the financial institutions, broker/dealers, intermediaries, and advisors with whom the Entity will do business. In addition, the investment portfolio is diversified to minimize risk of loss. The Entity's investments were rated as follows by Standard & Poor's or Moody's Investor Services as of March 31, 2025:

	Fair Value	AAA	AA+	AA	AA-	A+	A	A-	BBB+	BBB	BBB-	BB	Not Rated

Concentration of Credit Risk – To limit exposure to the risk of loss due to the magnitude of the Entity’s investments in a single issuer, investments are to be diversified in accordance with allocations determined by the Board of Directors, after consultation with the Board’s Investment Committee.

Custodial Credit Risk – For an investment, this is the risk that in the event of the failure of the counterparty, the Entity will not be able to recover the value of its investments that are in the possession of an outside party. The Entity’s investments of \$853,702 as of March 31, 2025 are uninsured and held in the name of its investment managers.

Investment activity for the nine months ended March 31, 2025 is summarized as follows:

Interest income accrues on U.S. government and agency bonds over the bond term. Interest income is redeemed upon bond maturity. Income and (loss) realized from maturities during the three and nine months ended March 31, 2025 totaled \$537 and \$(6,736), respectively. Interest on public corporate income securities accrues over the term of the holding and is redeemed at various times until maturity. Accrued loss of \$(6,995) as of March 31, 2025 represents unrealized bond interest earned, but not redeemed. Accrued income increases bond value, which is reported at fair value in the financial statements.

5. Loans Receivable

The Entity's economic development initiatives include loans to companies that have limited access to capital and funding from conventional private sources of funding. In order to obtain a disbursement, the borrower submits to the Entity a draw request that identifies the applicable costs that have been incurred. The Entity recognizes the receivable at time of disbursement to the borrower.

The Entity also established a Growth Capital program to support early-stage companies in their efforts to promote economic development across the State. The Growth Capital program was principally designed to provide loans to companies that are convertible to equity in the event the borrower meets certain qualified financing requirements. As of March 31, 2025, 51 loans associated with the Growth Capital program are outstanding, totaling \$23,527 net of loss allowance of \$2,614, and are included in Loans, net of loss allowance. The terms of the loans outstanding as of March 31, 2025 provide for disbursements of up to \$26,239. The outstanding balance of the commitments as of March 31, 2025 was \$98.

The remaining loans receivable balance of \$134,458 as of March 31, 2025 relates to 69 outstanding loans, and is net of loss allowance of \$21,574. The current portion of the loans receivable balance of \$12,092 as of March 31, 2025 represent principal payments due within the following twelve months. The terms of the loans outstanding as of March 31, 2025 provide for disbursements of up to \$243,640. The outstanding balance of the commitments as of March 31, 2025 were \$40,303.

The Entity's loans are held at amortized cost less a valuation allowance. A loan is impaired when, based on current information and events, it is probable that the Entity will be unable to collect all amounts due according to the contractual terms of the loan agreement. If determined that a loan requires a valuation allowance, a provision for loss is established equal to the difference between the carrying value and either the fair value of the collateral less costs to sell or the present value of expected future cash flows discounted at the loan's effective interest rate. The amount of valuation allowance was \$21,574 as of March 31, 2025.

6. Accounts Receivable Balances

Accounts receivable comprise amounts due from liquor agency stores and liquor vendors. The amounts due from liquor agency stores and liquor vendors are attributable to inventory adjustments from store audits, store manager adjustments, distribution center services, and other miscellaneous claims. Accounts receivable also includes interest receivable on investments and loans. Accounts receivable balance of \$7,139 as of March 31, 2025 is net of allowance for uncollectable accounts of \$267.

7. Prepaid Expenses

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses in the basic financial statements. This includes \$823 of service fees to the Ohio Department of Commerce as of March 31, 2025.

8. Intangible Asset – Liquor Franchise

As a result of the purchase of the franchise for the sale of spirituous liquor, the Entity recorded an intangible asset of \$1,379,924, reflecting the net franchise fee paid to the State, net of certain tangible assets received in the transfer pursuant to the Transfer Agreement.

The intangible asset – liquor franchise, is amortized over its useful life that coincides with the related contractual rights of the Transfer Agreement of 25 years and was updated to 40 years with the First Amendment of the Franchise and Transfer Agreement in February 2025. Amortization expense was \$8,871 and \$36,469 for the three and nine months ended March 31, 2025, respectively. No impairment of the intangible asset existed as of March 31, 2025.

2. Economic Development Programs

The Entity operates a portfolio of grant programs and initiatives to encourage economic development within the State. These comprise:

- Economic Development Grants – The Economic Development grant program focuses on fixed asset and infrastructure investment.
- Workforce Grants – The Workforce grant program focuses on training costs associated with new or incumbent employees.
- Revitalization Grants – The Revitalization grant program is designed to support the acceleration of redeveloping sites in Ohio, with the primary focus on projects where the cost of redevelopment and remediation is more than the value of the land in question.
- Revitalization Phase II Assessment Grants – The Revitalization Phase II Assessment grant program is designed to assist in the review of potential environmental risks on a project site where redevelopment for job creation or retention is likely to occur.
- Research and Development Center Grants – The Research and Development Center grant program provides opportunity to collaborate and partner on new discoveries that can further companies' competitive advantage and impact their respective industries.
- Talent Acquisition Services – The Talent Acquisition Services program helps identify a company's talent challenges and builds sustainable talent recruitment strategies that support every stage of the candidate journey. Talent Acquisition Services are generally provided to select, qualified companies on an in-kind basis.
- Innovation District Grants – Innovation District grants provide funds for Innovation Districts in Cincinnati, Cleveland and Columbus in support of research growth, STEM talent expansion and large-scale, mixed-use developments adjacent to major academic and medical research institutions to promote economic development growth.
- Small Business Grants – The Small Business grant program provides financial support for small businesses located in qualifying zip codes and/or owned by minorities, women, veterans, and people with disabilities.
- Speculative Site Development Grants – The Ohio Site Inventory Program (OSIP) offers funding to support speculative site and building development projects with no identified end user.

- **Vibrant Community Grants** – The Vibrant Community grant program was established to assist distressed small and medium sized communities with the implementation of catalytic development projects that fulfill a market need and represent a significant reinvestment in areas that have struggled to attract new investment.
- **Pre-Project Planning Program** – The Pre-Project Planning Program offers targeted technical assistance to address gaps in capacity and expertise to ultimately generate more Vibrant Communities projects across the state. Technical assistance is generally provided to select, qualified entities on an in-kind basis.
- **Air Service Restoration Program** – The Air Service Restoration program provides commercial airports the opportunity to grow air service opportunities for economic development.
- **Broadband Access Grants** – Broadband Access grants fund the construction and maintenance of telecommunication sites to enable broadband wireless access in Ohio's underrepresented communities to ensure equitable education, economic opportunity, and access to advanced digital services.

As of March 31, 2025, the Entity had executed 2,663 grants, including 959 economic development grants, 508 workforce grants, 369 revitalization grants, 36 research and development center grants, 11 innovation district grants, 646 small business grants, 103 speculative site development grants, 30 vibrant community grants, and 1 broadband access grant with a total committed amount of \$1,973,156. As of March 31, 2025, the Entity had \$627,935 in committed, but unpaid grants. The grants are historically funded on a reimbursement basis where the grantee must provide documentation illustrating where applicable costs have been incurred.

The Entity recognizes grant expense and the related liability for allowable costs where the transaction is reasonably estimable in amount and probable of distribution. This process includes the use of estimates in the absence of information as to costs incurred, but unclaimed by the grantee. The Entity has developed a methodology to produce an estimate of the liability as of the financial statement date, based upon the anticipated progress of the related project. The corresponding result is recorded as accrued economic development programs and is included in accrued liabilities in the statement of net position. Some of the economic development programs which have been accrued have terms that result in payment to be made outside of the subsequent twelve months, resulting in a long-term liability. The accrued economic development program expense was \$419,109 as of March 31, 2025.

3. Economic Development Programs – Community Banks Loan Guarantee

The Entity partnered with two community banks in Ohio to bolster their lending capability to assist small, lifestyle businesses. The Entity is providing a loan guarantee of up to \$50,000 to support the banks in the event of default on the additional lending to their borrowers.

As of March 31, 2025, the community banks had provided loans totaling \$11,166. The outstanding commitment for the program as of March 31, 2025 was \$0. As of March 31, 2025, there were 2 defaults totaling \$107. The Entity estimates that the program will have a default rate of 10%. The Entity recognized an expense associated with the program of \$(1) and \$(169) in the three and nine months ended March 31, 2025, respectively, which is included in economic development programs expense. The Entity recorded short-term liabilities associated with the program totaling \$2, as of March 31, 2025.

4. Economic Development Programs – Port Authority Bond Fund

The Entity has partnered with six local port authorities in Ohio to bolster their ability to issue bonds to finance the costs of port authority facilities to enhance, foster, aid, provide or promote transportation, economic development, housing, recreation, education, government operations, culture, research industry, and commerce and create and preserve jobs and employment opportunities. The Entity is pledging up to \$50,000 to secure the repayment of bonds in the event of the borrower's inability to make a payment. Restricted cash in support of this program totaled \$10,854 as of March 31, 2025.

As of March 31, 2025, the port authorities issued bonds totaling \$244,520. The Entity estimates that the program will have a default rate of 1% and recorded a long-term liability of \$2,445, as of March 31, 2025. As of March 31, 2025 there were no defaults on the issued bonds and no payments made from the reserve. For the three and nine months ended March 31, 2025, the Entity recognized an expense associated with the program of \$129 and \$800, respectively, which is included in economic development programs expense.

5. 401(k) Savings Plan

The Entity operates a defined contribution pension plan titled JobsOhio 401(k) Plan (herein referred to as the "Plan") created in accordance with Internal Revenue Code Section 401(k). The Plan, available to all qualified employees of the Entity, permits employees to defer a percentage of their salary up to the maximum percentage allowed by the Internal Revenue Service. The Entity matches 100 percent of the first three percent of the employee contribution, plus 50 percent of the employee contribution over three percent but not greater than five percent, bringing the maximum match percentage to four percent. Employees are fully vested in the Plan at the time contributions begin and there are no forfeitures. Participants must be over 21 years of age and have completed three consecutive months of service.

The Entity is the plan administrator of the Plan and the Plan trustee is Great-West Trust Company. The Entity may amend the Plan to add new features or to change or eliminate various provisions, but may not take away or reduce protected benefits under the Plan. Participants direct the allocation of their deferral based on several investment options. The assets of the Plan are not included in the Entity's financial statements and cannot be used for purposes other than the exclusive benefit of the participants or their beneficiaries or to pay the reasonable expenses of plan administration.

The Plan was implemented in February 2014 and updated in January 2020. For the three and nine months ended March 31, 2025, the total 401(k) match expense was \$308 and \$697, respectively, on

6. Commitments and Contingencies – Litigation

No litigation is currently pending against the Entity.

7. Revolving Note

The Entity entered into a Revolving Note agreement with The Huntington National Bank in July 2022. Under the terms of the note, the Entity can borrow up to \$125,000 with an interest rate of SOFR plus 1.05%. The note has a maturity date of June 27, 2025. The Entity has pledged certain Investments at Fair Value as collateral for the note. As of March 31, 2025, the amount of unused was credit \$71,000.

8. Long-Term Liabilities

Special obligation revenue bonds were issued on February 1, 2013, by the Entity to finance payment of consideration in connection with the purchase of a franchise to operate the Liquor Business including the transfer of certain Liquor Business assets and bond transaction costs. The obligations were issued as bonds with (approximately) level debt service (principal and interest) maturing each year with maturities that range from one to 25 years.

On February 5, 2020, the Entity issued special obligation revenue bonds to advance refund the 2038 maturity of the Series 2013A Bonds and finance certain costs of the refunding transaction. The obligations were issued as bonds with approximately level debt service, including both principal and interest, maturing each year with maturities that range from one to 18 years.

On February 1, 2023, JOBS issued special obligation revenue bonds to provide funding for economic development programs of and projects by JobsOhio and to pay costs of issuance of the bonds. The obligations were issued as bonds with approximately level debt service, including both principal and interest, maturing each year with maturities that range from one to 10 years.

The bonds have maturities that started in 2015 and continue through 2038. Maturities due within one year as of March 31, 2025 are \$91,560. The bond series are subject to mandatory sinking fund redemption starting in 2024 and each year thereafter to maturity. The bonds will be repaid from Liquor Business Profits. All proceeds from the Liquor Business are pledged to the Trustee to pay obligations under the Indenture. The Indenture imposes certain restrictions and requirements whereby all Liquor Business revenues are required to be deposited in a trust fund held by the Trustee to settle obligations under the Indenture, including amounts sufficient to cover annual debt service for each fiscal year on account for all outstanding revenue bonds.

Liquor Business Profits must meet the minimum debt service coverage ratio of 135 percent for each fiscal year pursuant to the Transfer Agreement. Certain amounts are released from the lien of the Indenture and certain other amounts are held in funds pursuant to the terms of the Indenture for which amounts will not be pledged for the benefit of the owners of the bonds. These funds include the Tax Fund, the Operations Fund, and the General Purpose Fund. The bonds are not general obligations of the Entity or the State, and neither the faith nor credit are pledged as security for payment of the bonds.

Debt service requirements related to the bonds as of March 31, 2025 are as follows:
