

MOBILE WALLET QUICK START GUIDE

Learn how to add your card and start paying
with just a tap.

For Going Cashless

Pay confidently with your smartphone.

Mobile Wallet is an easy, convenient, and secure way to make purchases with your Lighthouse card using your smartphone.

- Pay effortlessly in stores, online, and in apps.
- Shop with confidence—your card number is never shared when you use Mobile Wallet.

Mobile Wallet is available with Apple Pay[®], Samsung Pay[™], and Google Pay[™].

Apple Pay[®]

Setting up your Lighthouse card for Apple Pay[®].

01

Go to the Wallet app and tap the “+” symbol.

Follow the steps to add a new card.

If your Lighthouse Credit Union card has the contactless symbol , just hold it near your iPhone to add it to Wallet. Your card will appear automatically—no camera needed.

02

Tap next.

Lighthouse Credit Union will review your information to confirm if your card is ready to use with Apple Pay[®].

01

Locate the Samsung Pay™ app.

Find the Samsung Pay™ app pre-installed on your phone or download it from Google Play™. Then, sign into your Samsung account.

02

Enter a PIN.

Scan your fingerprint or iris (that's your eyeball!) and enter a PIN, so you can authenticate future purchases.

03

Snap a picture.

Take a picture of your Lighthouse card and provide your signature where necessary. Your cards are securely backed up and can be restored with your Samsung Account.

***PLEASE NOTE:** When adding your card by photo capture, be sure to verify the information pulled (card number, name, address, phone), and update manually if incorrect.*
