

## *Six Senses Residences & Spa Courchevel*

*Six Senses Residences Courchevel takes traditional mountain living to new heights with meticulously designed interiors that combine contemporary accents with traditional Savoyard sensibility. The exterior is reminiscent of a French chalet while the residences' interiors are designed in a light neutral palate using unique and crafted materials with fine porcelain tiles, flamed gray and beige stone, chestnut leathers, and natural timber to imbue comfort. Each boasts a balcony offering picturesque views overlooking the snow-capped mountains or the intimate courtyard.*

*Due to its high-altitude setting, Six Senses Residences Courchevel is open for winter activities from December through April. Located in the heart of Courchevel 1850, the Six Senses Residences Courchevel is a five-minute walk from the ski lodge at La Croisette and well-appointed to explore the village. The closest airport is the Courchevel Airport (CVF) which is approximately 1.3 miles away. Guests can also arrive by the Eurostar or TGV at the Moutiers Train Station 30-minutes away. A helicopter transfer is also available to Courchevel heliport.*
