

Create an MPA for Laamu!
On the map below circle where you think
the marine protected area should be.

Key

-  Reef channel
-  Popular dive site
-  Resort
-  Fishing spot
-  Turtle nesting
-  Fish spawning site
-  Endangered species

Questions

1. Why did you choose to put
the MPA here?

2. Do people *and* animals rely on
this area? If so how will you avoid
conflict? (hint: school education,
talk to fishermen, limit diving
activity etc.)
