

EV CHARGER PEDESTAL

PLP's EV Charger Pedestal is designed with adaptability and affordability in mind. Its simple yet ingenious design seamlessly integrates with PLP's EV Charger Foundation and an array of Level 1 and Level 2 chargers to create a complete easy-to-install EV charging station package. Accommodating both single or bifacial charger mounting options, this pedestal's sturdy steel construction ensures reliability in any environment. The pedestal's adaptability and functionality make it a steadfast and indispensable asset in advancing the accessibility and convenience of electric vehicle charging.
