

# PUBLIC REVIEW

The Standards Council of Canada (SCC) requires all proposed standards be made available for a 60-day public review during the development process, allowing input from interested parties.

These documents are issued for the purpose of generating critical review and comment. The application of material contained in these documents for other purposes, such as its use in judging a product for compliance with current requirements or determining future product needs, would be premature and could be misleading.

To view these documents and submit your comments, create a [CSDS](#) user account and [Follow the Standard\(s\)](#) or contact the project manager listed below.

## **CAN/ULC-S519, Standard for Cotton-Synthetic Percolating Forestry Hose**

The proposed Reaffirmation of the Second Edition of CAN/ULC-S519, Standard for Cotton-Synthetic Percolating Forestry Hose, has been submitted to the ULC Standards Technical Committee for approval and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [griff.edwards@ul.org](mailto:griff.edwards@ul.org).

**Date Posted:** May 3, 2024

**Comments Due:** July 2, 2024

---

## **CAN/ULC S511, Standard for Lined Fire Hose for Interior Standpipes and Municipal and Industrial Fire-Protection Services**

The proposed reaffirmation of the sixth edition of CAN/ULC S511, Standard for Lined Fire Hose for Interior Standpipes and Municipal and Industrial Fire-Protection Services has been submitted to ULC Technical Committee S500B for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [anna.roessing-zewe@ul.org](mailto:anna.roessing-zewe@ul.org)

**Date Posted:** May 15, 2024

**Comments Due:** July 14, 2024

---

## **ANSI/CAN/UL/ULC 2443, Standard for Flexible Sprinkler Hose with Fittings for Fire Protection Service**

The proposed revision of the Fourth Edition of UL 2443, Standard for Safety for Flexible Sprinkler Hose with Fittings for Fire Protection Service, has been submitted to the UL Technical Committee for Sprinkler Equipment for Fire Protection for ballot approval and to other interest

parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [nicolette.a.weeks@ul.org](mailto:nicolette.a.weeks@ul.org).

**Date Posted: May 17, 2024**

**Date Due: July 16, 2024**

---

### **ANSI/CAN/UL 1821, Standard for Thermoplastic Sprinkler Pipe and Fittings for Fire Protection Service**

Proposed revisions of the 4th edition of ANSI/CAN/UL 1821 have been submitted to the ULC Standards Committee for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [lauren.valentino@ul.org](mailto:lauren.valentino@ul.org).

**Date Posted: May 17, 2024**

**Comments Due: July 16, 2024**

---

### **ANSI/CAN/UL 2278, Standard for Megawatt Charging Configured Electric Vehicle Couplers**

The Proposed first edition of the Standard for Megawatt Charging Configured Electric Vehicle Couplers, UL 2278, has been submitted to the ULSE Technical Committee for approval as an American National Standard and National Standard of Canada. Other interested parties are invited to comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [megan.monsen@ul.org](mailto:megan.monsen@ul.org).

**Date Posted: May 23, 2024**

**Date Due: July 22, 2024**

---

### **CAN/ULC-S559, Standard for Equipment for Fire Signal Receiving Centres and Systems**

The proposed revision of the Third Edition of CAN/ULC-S559, Standard for Equipment for Fire Signal Receiving Centres and Systems, has been submitted to the ULC Standards Technical Committee for approval and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [griff.edwards@ul.org](mailto:griff.edwards@ul.org).

**Date Posted: May 23, 2024**

**Comments Due: July 22, 2024**

---

### **ANSI/CAN/UL 8400, Safety Standard for Virtual Reality, Augmented Reality and Mixed Reality Technology Equipment**

Revisions to the First Edition of UL 8400 have been submitted to the ULSE Standards Technical Committee on Virtual Reality, Augmented Reality and Mixed Reality Technology Equipment for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [sean.mcalister@ul.org](mailto:sean.mcalister@ul.org).

**Date Posted: May 29, 2024**  
**Comments Due: July 28, 2024**

---

### **ANSI/CAN/UL 3030, Standard for Safety for Unmanned Aircraft Systems**

The proposed reaffirmation of the First Edition of the Standard for Unmanned Aircraft Systems, UL 3030, has been submitted to ULSE Technical Committee for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [aaron.zheng@ul.org](mailto:aaron.zheng@ul.org).

**Date Posted: May 30, 2024**  
**Comments Due: July 29, 2024**

---

### **CAN/ULC S114, Standard Method of Test for Determination of Non-Combustibility in Building Materials**

The proposed reaffirmation and continuance of the Fourth Edition of the CAN/ULC S114, Standard Method of Test for Determination of Non-Combustibility in Building Materials, has been submitted to the ULC Technical Committee for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [raji.ghandour@ul.org](mailto:raji.ghandour@ul.org).

**Date Posted: June 5, 2024**  
**Comments Due: August 4, 2024**

---

### **CAN/ULC-S139 / UL 2196, Standard for Fire Test for Circuit Integrity of Fire-Resistive Power, Instrumentation, Control and Data Cables**

The Proposed Third Edition of the Standard for Fire Test for Circuit Integrity of Fire-Resistive Power, Instrumentation, Control and Data Cables, has been submitted to the ULSE Technical Committee for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [griff.edwards@ul.org](mailto:griff.edwards@ul.org).

**Date Posted: June 7, 2024**  
**Comments Due: August 6, 2024**

---

### **UL/ULC 1487, Standard for Battery Containment Enclosures**

The Proposed First Edition of the Standard for Battery Containment Enclosures, UL 1487, has been submitted to the ULSE Technical Committee for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [griff.edwards@ul.org](mailto:griff.edwards@ul.org).

**Date Posted: June 7, 2024**  
**Comments Due: August 6, 2024**

---

## **CAN/ULC S316, Standard for Performance of Video Surveillance Systems.**

The proposed reaffirmation and continuance of the First Edition of the CAN/ULC S316 Standard for Performance of Video Surveillance Systems has been submitted to the ULC Technical Committee for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [andrea.gilders@ul.org](mailto:andrea.gilders@ul.org).

**Date Posted: June 14, 2024**

**Comments Due: August 14, 2024**

---

## **ANSI/CAN/UL 12402-5:2023, Standard for Personal Flotation Devices – Part 5: Buoyancy Aids (Level 50) – Safety Requirements**

Revisions to the First Edition of ANSI/CAN/UL 12402-5 have been submitted to the Standards Technical Committee on Personal Flotation Devices for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [jacob.stewart@ul.org](mailto:jacob.stewart@ul.org).

**Date Posted: June 19, 2024**

**Comments Due: August 18, 2024**

---

## **ANSI/CAN/UL 12402-9:2022, Standard for Personal Flotation Devices – Part 9: Test Methods**

Revisions to the First Edition of ANSI/CAN/UL 12402-9 have been submitted to the Standards Technical Committee on Personal Flotation Devices for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [jacob.stewart@ul.org](mailto:jacob.stewart@ul.org).

**Date Posted: June 19, 2024**

**Comments Due: August 18, 2024**

---

## **ANSI/CAN/UL/ULC 6200, Standard for Controllers for Use in Power Production**

Revisions to the First Edition of ANSI/CAN/UL/ULC 6200 have been submitted to the Standards Technical Committee on Controllers for Use in Power Production for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [derrick.l.martin@ul.org](mailto:derrick.l.martin@ul.org).

**Date Posted: June 19, 2024**

**Comments Due: August 18, 2024**

---

## **CAN/ULC S554, Standard for Water Based Agent Fire Extinguishers**

Revisions of the 3rd edition of CAN/ULC S554 have been submitted to the Standards Technical Committee on Portable Fire Extinguishers for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [nicolette.a.weeks@ul.org](mailto:nicolette.a.weeks@ul.org).

**Date Posted: June 21, 2024**

**Comments Due: August 20, 2024**

---

### **CAN/ULC S503, Standard for Carbon-Dioxide Fire Extinguishers**

Revisions of the 4th edition of CAN/ULC S503 have been submitted to the Standards Technical Committee on Portable Fire Extinguishers for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [nicolette.a.weeks@ul.org](mailto:nicolette.a.weeks@ul.org).

**Date Posted: June 21, 2024**

**Comments Due: August 20, 2024**

---

### **CAN/ULC S504, Standard for Dry Chemical Fire Extinguishers**

Revisions of the 3rd edition of CAN/ULC S504 have been submitted to the Standards Technical Committee on Portable Fire Extinguishers for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [nicolette.a.weeks@ul.org](mailto:nicolette.a.weeks@ul.org).

**Date Posted: June 21, 2024**

**Comments Due: August 20, 2024**

---

### **CAN/ULC S507, Standard for Water Fire Extinguishers**

Revisions of the 4th edition of CAN/ULC S507 have been submitted to the Standards Technical Committee on Portable Fire Extinguishers for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [nicolette.a.weeks@ul.org](mailto:nicolette.a.weeks@ul.org).

**Date Posted: June 21, 2024**

**Comments Due: August 20, 2024**

---

### **CAN/ULC S566, Standard for Halocarbon Clean Agent Fire Extinguishers**

Revisions of the 2nd edition of CAN/ULC S566 have been submitted to the Standards Technical Committee on Portable Fire Extinguishers for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [nicolette.a.weeks@ul.org](mailto:nicolette.a.weeks@ul.org).

**Date Posted: June 21, 2024**

**Comments Due: August 20, 2024**

---

## **CAN/ULC S589, Standard for Single and Multiple Station Heat Alarms**

Proposed revisions of the 1st edition of CAN/ULC S589 have been submitted to the ULC Standards Committee for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [grayson.flake@ul.org](mailto:grayson.flake@ul.org).

**Date Posted: July 5, 2024**

**Comments Due: September 3, 2024**

---

## **ANSI/CAN/UL 536, Standard for Safety for Flexible Metallic Hose**

The proposed revisions of the 11th edition of ANSI/CAN/UL 536 have been submitted to the Technical Committee for LP-Gas Hose, Pigtails, And Flexible Connectors for ballot approval and to others interested, for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [jeffrey.prusko@ul.org](mailto:jeffrey.prusko@ul.org)

**Date Posted: July 11, 2024**

**Comments Due: September 9, 2024**

---

## **ANSI/CAN/UL 325, Standard for Safety for Door, Drapery, Gate, Louver, and Window Operators and Systems**

Revisions to the Seventh Edition of ANSI/CAN/UL 325 have been submitted to the Standards Technical Committee on Door, Drapery, Gate, Louver, And Window Operators And Systems, for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [ashley.seward@ul.org](mailto:ashley.seward@ul.org).

**Date Posted: July 11, 2024**

**Comments Due: September 9, 2024**

---

## **ANSI/CAN/UL/ULC 252, Standard for Safety for Compressed Gas Regulators**

The proposed revisions of the 11th edition of ANSI/CAN/UL/ULC 252 have been submitted to the Technical Committee for Compressed Gas Regulators And Accessories for ballot approval and to others interested, for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [jeffrey.prusko@ul.org](mailto:jeffrey.prusko@ul.org).

**Date Posted: July 11, 2024**

**Comments Due: September 9, 2024**

---

## **CAN/UL 2984, Standard for Management of Public Risks - Principles and Guidelines**

The proposed reaffirmation of the First Edition of CAN/UL 2984, Standard for Management of Public Risks - Principles and Guidelines, has been submitted to the UL Standards Technical Committee for approval and to other interested parties for comment. For questions on

submitting comments, please email the Project Manager of the Technical Committee at [celine.eid@ul.org](mailto:celine.eid@ul.org)

**Date Posted: July 24, 2024**

**Date Due: September 24, 2024**

---

### **CAN/ULC S524, Standard for the Installation of Fire Alarm Systems**

The proposed revisions of the 7th edition of CAN/ULC S524, Standard for the Installation of Fire Alarm Systems, have been submitted to the Technical Committee for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [raji.ghandour@ul.org](mailto:raji.ghandour@ul.org).

**Date Posted: July 25, 2024**

**Date Due: September 23, 2024**

---

### **ANSI/CAN/UL 583, Standard for Safety for Electric-Battery-Powered Industrial Trucks**

Proposed revisions to the Eleventh Edition of ANSI/CAN/UL 583 have been submitted to the Standards Technical Committee on Industrial Trucks for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [shannon.henesy@ul.org](mailto:shannon.henesy@ul.org).

**Date Posted: July 25, 2024**

**Comments Due: September 23, 2024**

---

### **ANSI/CAN/UL 258:2022, Standard for Shutoff Valves for Trim and Drain Purposes for Fire Protection**

The proposed revision of the First Edition of ANSI/CAN/UL 258, Standard for Shutoff Valves for Trim and Drain Purposes for Fire Protection, has been submitted to the ULSE Technical Committee for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at [lauren.valentino@ul.org](mailto:lauren.valentino@ul.org).

**Date Posted: July 26, 2024**

**Comments Due: September 24, 2024**
