

PUBLIC REVIEW

The Standards Council of Canada (SCC) requires all proposed standards be made available for a 60-day public review during the development process, allowing input from interested parties.

These documents are issued for the purpose of generating critical review and comment. The application of material contained in these documents for other purposes, such as its use in judging a product for compliance with current requirements or determining future product needs, would be premature and could be misleading.

To view these documents and submit your comments, create a [CSDS](#) user account and [Follow the Standard\(s\)](#) or contact the project manager listed below.

Have questions, need help? [Contact us](#)

ANSI/CAN/UL 448, Standard for Centrifugal Stationary Pumps for Fire-Protection Service

The proposed Revision of the Twelfth Edition of ANSI/CAN/UL 448, Standard for Centrifugal Stationary Pumps for Fire-Protection Service, has been submitted to the ULSE Standards Technical Committee for approval and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at griff.edwards@ul.org.

Date Posted: August 2, 2024

Comments Due: October 1, 2024

CAN/ULC 527, Standard for Control Units and Accessories for Fire Alarm Systems

The proposed Revision of the Fifth Edition of CAN/ULC 527, Standard for Control Units and Accessories for Fire Alarm Systems, has been submitted to the ULC Standards Technical Committee for approval and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at griff.edwards@ul.org.

Date Posted: August 2, 2024

Comments Due: October 1, 2024

ANSI/CAN/UL/ULC 2162, Standard for Safety for Commercial and/or Outdoor Wood-Fired Baking Ovens – Refractory Type

The proposed 2nd edition, first harmonized edition of ANSI/CAN/UL/ULC 2162 has been submitted to the Technical Committee on Solid Fuels for ballot approval and to others

interested, for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at isabella.brodzinski@ul.org

Date Posted: August 2, 2024

Comments Due: October 1, 2024

ANSI/CAN/UL 558, Standard for Safety for Industrial Trucks, Internal Combustion Engine-Powered

The Proposed Eleventh Edition of ANSI/CAN/UL 558 has been submitted to the Standards Technical Committee on Industrial Trucks for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at shannon.henesy@ul.org.

Date Posted: August 8, 2024

Comments Due: October 7, 2024

ANSI/CAN/UL 1247, Standard for Diesel Engines for Driving Stationary Fire Pumps

The proposed Revision of the Sixth Edition of ANSI/CAN/UL 1247, Standard for Diesel Engines for Driving Stationary Fire Pumps, has been submitted to the ULSE Technical Committee for approval and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at griff.edwards@ul.org.

Date Posted: August 9, 2024

Comments Due: October 8, 2024

ANSI/CAN/UL/ULC 252A, Standard for Safety for Compressed Gas Regulator Accessories

The proposed revisions of the 5th edition of ANSI/CAN/UL/ULC 252A have been submitted to the Technical Committee for Compressed Gas Regulators and Accessories for ballot approval and to others interested, for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at jeffrey.prusko@ul.org.

Date Posted: August 15, 2024

Comments Due: October 14, 2024

CAN/ULC 770, Standard Test Method for Determination of Long-Term Thermal Resistance of Closed-Cell Thermal Insulating Foams

The proposed revision of the Fourth Edition of ULC 770, Standard Test Method for Determination of Long-Term Thermal Resistance of Closed-Cell Thermal Insulating Foams, has been submitted to the ULC Technical Committee for Thermal Performance and Energy Use in the Built Environment for ballot approval and to other interest parties for comment. For

questions on submitting comments, please email the Project Manager of the Technical Committee at nicolette.a.weeks@ul.org.

Date Posted: August 16, 2024

Comments Due: October 15, 2024

ANSI/CAN/UL 8801, Standard for Photovoltaic (PV) Luminaire Systems

Revisions to the First Edition of UL 8801 have been submitted to the ULSE Technical Committee on Photovoltaic (PV) Luminaire Systems for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at julio.morales@ul.org.

Date Posted: August 28, 2024

Comments Due: October 27, 2024

ANSI/CAN/UL 4900, Standard for Micromobility Charging Equipment

The Proposed first edition of the Standard for Micromobility Charging Equipment, UL 4900, has been submitted to the ULSE Technical Committee for approval as an American National Standard and National Standard of Canada. Other interested parties are invited to comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at megan.monsen@ul.org.

Date Posted: August 29, 2024

Date Due: October 28, 2024

CAN/ULC S109 Standard Method for Flame Tests of Flame-Resistant Fabrics and Films

The proposed Reaffirmation of the 3rd Edition of ULC S109, Standard Method for Flame Tests of Flame-Resistant Fabrics and Films, has been submitted to the ULC Standards Technical Committee for approval and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at raji.ghandour@ul.org.

Date Posted: September 6, 2024

Comments Due: November 5, 2024

CAN/ULC 1001, Standard for Integrated Systems Testing of Fire Protection and Life Safety

The proposed revision of the First Edition of ULC 1001, Standard for Integrated Systems Testing of Fire Protection and Life Safety, has been submitted to the ULC Technical Committee for Integrated Systems of Fire Protection for ballot approval and to other interest parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at nicolette.a.weeks@ul.org.

Date Posted: September 9, 2024
Comments Due: November 8, 2024

ANSI/CAN/UL 668, Standard for Hose Valves for Fire Protection Service

The proposed bi-national eleventh edition of ANSI/CAN/UL 668, Standard for Hose Valves for Fire Protection Service has been submitted to Technical Committee 47 for approval by ballot and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at anna.roessing-zewe@ul.org

Date Posted: September 11, 2024
Comments Due: November 8, 2024

CAN/ULC S127 Standard Corner Wall Method of Test for Flammability Characteristics on Non-Melting Foam Plastic Building Materials

The proposed Reaffirmation of the 6th Edition of ULC S127, Standard Corner Wall Method of Test for Flammability Characteristics on Non-Melting Foam Plastic Building Materials, has been submitted to the Technical Committee for approval and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at raji.ghandour@ul.org.

Date Posted: September 19, 2024
Comments Due: November 18, 2024

CAN/ULC 701.1, Standard for Thermal Insulation, Polystyrene Boards

The proposed revision of the Sixth Edition of ULC 701.1, Standard for Thermal Insulation, Polystyrene Boards, has been submitted to the Technical Committee for Thermal Performance and Energy Use in the Built Environment for ballot approval and to other interest parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at nicolette.a.weeks@ul.org.

Date Posted: September 20, 2024
Comments Due: November 19, 2024

ANSI/CAN/UL Standard for Safety for Adapters for use with Electric Vehicle Couplers

The proposed First Edition of UL 2252, Standard for Adapters for use with Electric Vehicle Couplers, has been submitted to the Technical Committee for approval and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at Megan.Monsen@ul.org.

Date Posted: September 26, 2024
Comments Due: November 25, 2024

ANSI/CAN/UL/ULC Standard for Safety for Information and Communication Technology (ICT) Power Cables

The proposed First Edition of UL 9990, Standard for Information and Communication Technology (ICT) Power Cables, has been submitted to the Technical Committee for approval and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at hilal.elmisilmani@ul.org.

Date Posted: September 26, 2024

Comments Due: November 25, 2024

ANSI/CAN/UL/ULC 30, Standard for Safety for Metallic and Nonmetallic Safety Cans for Flammable and Combustible Liquids

The proposed revision of the Tenth Edition of UL/ULC 30, Standard for Metallic and Nonmetallic Safety Cans for Flammable and Combustible Liquids, has been submitted to the Technical Committee for approval and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at sabrina.khrebto@ul.org.

Date Posted: October 2nd, 2024

Comments Due: December 1st, 2024

CAN/ULC 743.1, Standard for Safety for Thermal Insulation – Low Pressure Applied Two Component Spray Polyurethane Foam, Part 1: Material Specification

The proposed Reaffirmation of the First Edition of CAN/ULC 743.1, Standard for Thermal Insulation – Low Pressure Applied Two Component Spray Polyurethane Foam, Part 1: Material Specification, has been submitted to the Technical Committee for approval and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at Nicolette.A.Weeks@ul.org.

Date Posted: October 2, 2024

Comments Due: December 2, 2024

ANSI/CAN/UL 2743, Standard for Safety for Portable Power Packs

The proposed Revision of the Second Edition of UL 2743, Standard for Portable Power Packs, has been submitted to the Technical Committee for approval and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at Madison.Lee@ul.org.

Date Posted: October 3, 2024

Comments Due: November 17, 2024

ANSI/CAN/UL 12402-4, Standard for Personal Flotation Devices - Part 4: Lifejackets, Performance Level 100 - Safety Requirements

The proposed revision of the First Edition of UL 12402-4, Standard for Personal Flotation Devices - Part 4: Lifejackets, Performance Level 100 - Safety Requirements, has been submitted to the Technical Committee for approval and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at jacob.stewart@ul.org.

Date Posted: October 9, 2024

Date Due: December 9, 2024

CAN/ULC-S801, Standard for Safety for Standard on Electric Utility Workplace Electrical Safety for Generation, Transmission, and Distribution

The proposed New Edition of the Second Edition of CAN/ULC-S801, Standard for Standard on Electric Utility Workplace Electrical Safety for Generation, Transmission, and Distribution, has been submitted to the ULC Standards Technical Committee for approval and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at mit.modi@ul.org.

Date Posted: October 11, 2024

Comments Due: December 10, 2024

ANSI/CAN/UL 9540, Standard for Safety for Energy Storage Systems and Equipment

The proposed Revision of the Third Edition of ANSI/CAN/UL 9540, Standard for Energy Storage Systems and Equipment, has been submitted to the Technical Committee for approval and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at Megan.M.VanHeirseele@ul.org.

Date Posted: October 15, 2024

Comments Due: December 14, 2024

ANSI/CAN/UL 1191, Standard for Components for Personal Flotation Devices

The proposed revision of the Fifth Edition of ANSI/CAN/UL 1191, Standard for Components for Personal Flotation Devices, has been submitted to the Technical Committee for approval and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at jacob.stewart@ul.org.

Date Posted: October 16th, 2024

Comments Due: December 16th, 2024

ANSI/CAN/UL 9595, Standard for Safety for Factory Follow-Up on Personal Flotation Devices (PFDs)

The proposed Revision of the 1st Edition of UL 9595, Standard for Safety for Factory Follow-Up on Personal Flotation Devices (PFDs) has been submitted to the 1123 Technical Committee for approval and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at Jacob.Stewart@ul.org.

Date Posted: October 16, 2024

Comments Due: December 16, 2024

CAN/ULC 529, Standard for Safety for Smoke Detectors for Fire Alarm Systems

The proposed Revision of the 5th Edition of ULC 529, Standard for Smoke Detectors for Fire Alarm Systems, has been submitted to the Technical Committee for approval and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at grayson.flake@ul.org.

Date Posted: October 18, 2024

Comments Due: December 17, 2024

ANSI/CAN/UL/ULC 199 Standard for Safety for Automatic Sprinklers for Fire-Protection Service

The proposed Revision of the 13th Edition of UL/ULC 199, Standard for Automatic Sprinklers for Fire-Protection Service, has been submitted to the Technical Committee for approval and to other interested parties for comment. For questions on submitting comments, please email the Project Manager of the Technical Committee at Nicolette.A.Weeks@ul.org.

Date Posted: November 1, 2024

Comments Due: December 31, 2024

ANSI/CAN/UL 15027-2 Immersion suits – Part 2: Abandonment Suits, Requirements Including Safety

The reaffirmation and continuance of the 1st Edition of the Standard for Safety Immersion suits – Part 2: Abandonment Suits, Requirements Including Safety, UL 15027-2, as an American National Standard and National Standard of Canada has been submitted to the Technical Committee for approval and to other interested parties for comment.
