UM162542205

Why LifeProtect?

With an impressive 80-hour water resistance, you can rest assured that your floors will withstand spills and splashes. LifeProtect's low swell core boasts a 4-5% swell rate, which remarkably retracts back to 1% within 72 hours.

LifeProtect's commitment to sustainability begins with sourcing of USA grown Oak and Maple trees for the HDF core. Furthermore, its locking system is milled with smaller tolerances, offering a superior lock for a strong lock and superior water protection.

LifeProtect's resin binder is derived from polyurethane, providing exceptional water resistance, lower VOC emissions, and excellent stability. This collection is also PVC-Free and has no added formaldehyde. LifeProtect is also Green Guard Gold certified, guaranteeing that our laminate meets strict standards for low chemical emissions, providing a safer and healthier environment for you and your loved ones.

With LifeProtect Laminate flooring, you can enjoy a beautiful, high-performance, water-resistant, and environmentally friendly flooring solution that will exceed your expectations.

DID YOU KNOW?
