About Us

Who We Are

Mats Inc., a brand of Matter Surfaces, has been a family-owned business delivering quality commercial matting and flooring solutions since 1971. True to the work of our founders, Mats Inc. has spent decades (over 5 to be exact) building the vast portfolio of entrance and safety solutions, strong vendor and client relationships, and world-class service team for which we're known today.

Our Portfolio

Our entrance, matting, and safety solutions have been improving cleanliness, reducing liability, and promoting health and wellness in hospitals, hotels, schools, offices, restaurants, multi-family buildings and well, just about every commercial environment for over 50 years.

Mats Inc.'s offering includes: vinyl foot grilles, fibered plank grilles, walk off mats, runners, matting tiles, wall-to-wall roll goods, logo mats, and specialty flooring.

Where We Are

Mats Inc. is part of Matter Surfaces, headquartered in Massachusetts with additional distribution facilities in Georgia and Minnesota and sales offices throughout the United States.

The Mats Inc. Difference

Our clients are responsible for the health and safety of their buildings and its occupants. Our job is to help our clients maximize their time, resources, and effectiveness.

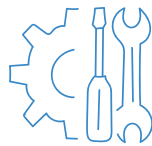

We are not here to just sell a commodity. Our products and services exist to deliver a unique flooring solution to fit each building's space and style. Complex designs, unusual shapes, and custom sizes are our specialty.

We ensure our clients are confident in their product decisions from consultation to installation.

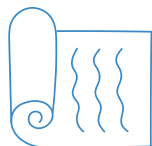

Survey

We discuss your matting and specialty flooring needs and take precise measurements.

Fabricate

We produce matting according to the products, shapes, sizes and accessories determined by your requirements.

Install

We connect you with the right people to get the job done.

Safety, Wellness, and Simple Maintenance

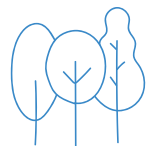

Mats Inc. has decades of experience as leaders in the matting and commercial flooring industry. Our portfolio of solutions is focused on three goals: increasing safety, promoting occupant and visitor wellness, and reducing maintenance requirements.

From the exterior to elevator banks and kitchens and bars to locker rooms, we have you covered with ready-to-ship and customizable products.

Safety

Reduces liability and risk of injuries from slips and falls.

Wellness

Minimizes interior maintenance costs and improves indoor air quality.

Simple Maintenance

Protects interior flooring for longer lasting surfaces.

The CleanZone™ Entrance Strategy

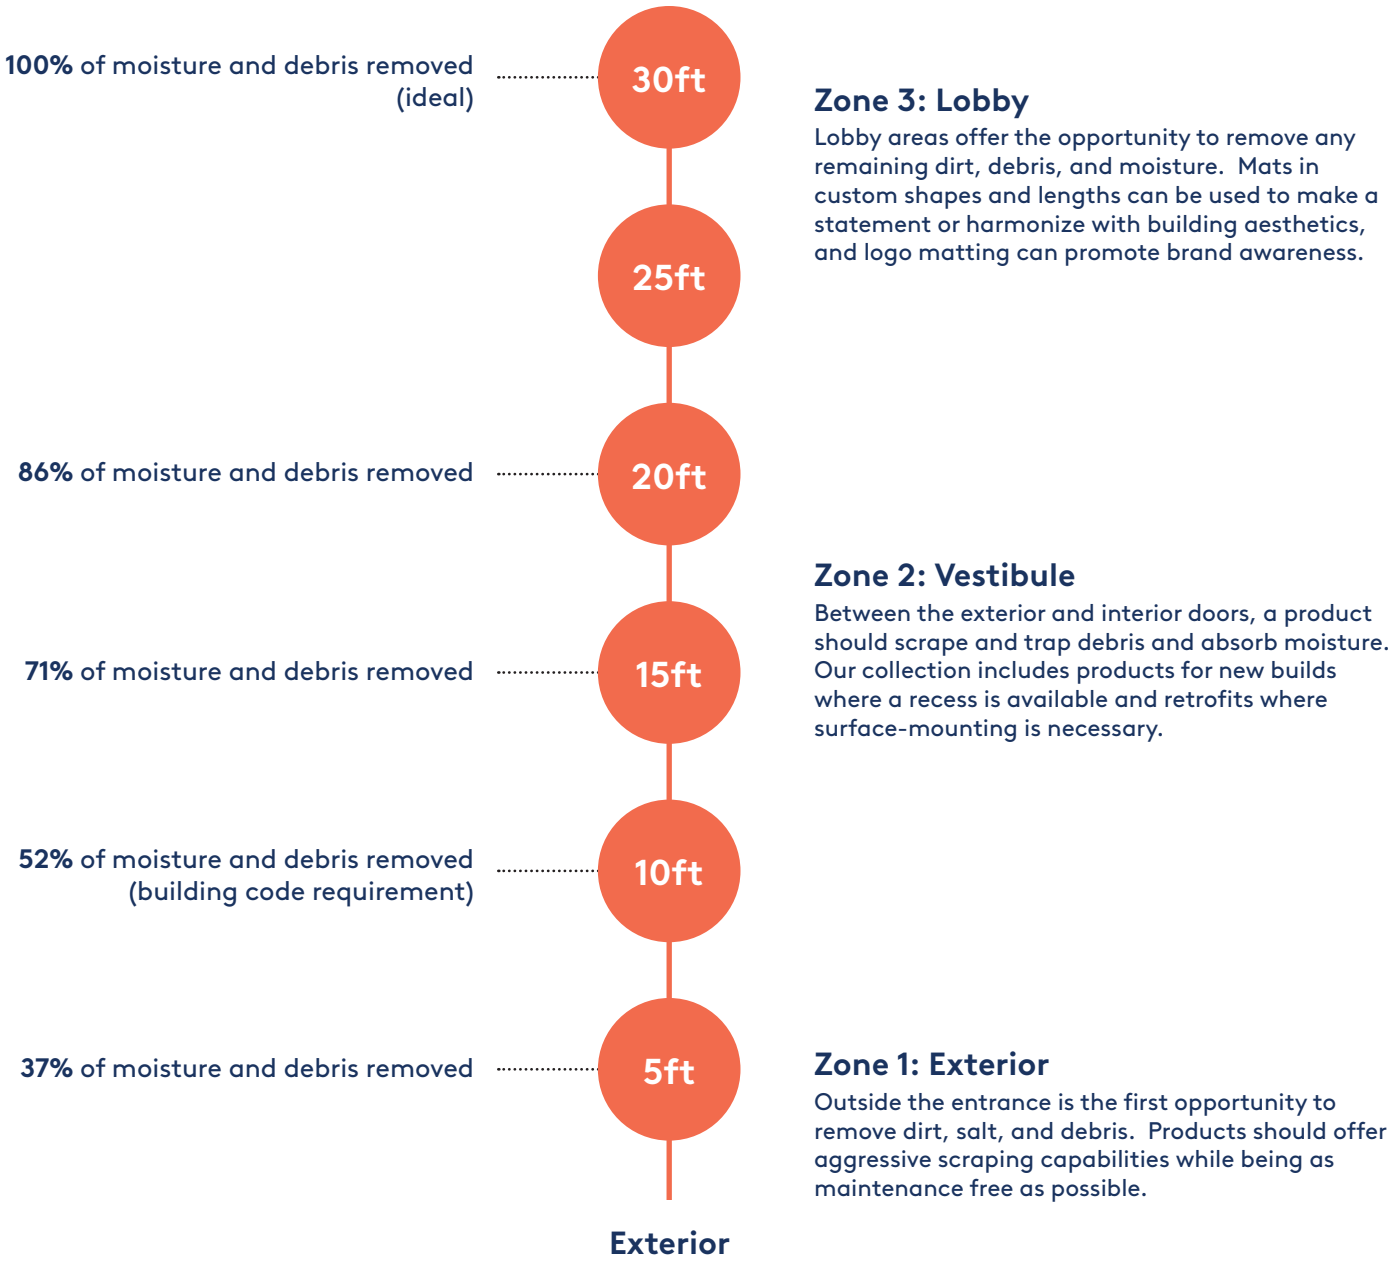

The CleanZone™ Entrance Strategy from Mats Inc. is our entrance design and planning method- helping to protect against liability, to reduce maintenance costs, and to facilitate healthy indoor air quality.

The Science behind the Strategy

A 30-foot entry system of both scraping and drying products is recommended to remove 100% of moisture and debris from footwear, and many current building codes require that a minimum 10-foot entrance solution be incorporated in the design.

A 3-Zone Strategy

We divide a building into three zones from the exterior to the interior. We break the zones down and make it easy to find the right product for any application.

Ultra Entry™

Surface/Shallow Recessed System

Superior alternative to aluminum roll mats

Features	Zones	1	2	3
Dual-strip design both scrapes off debris and absorbs moisture Easily cut on site to any angle, arc, or shape Durable construction withstands heavy traffic Quiet—eliminates noise and clatter common with aluminum roll up mats Stable—conforms to uneven sub-floors Anti-slip surface for indoor applications; ADA compliant T section divider is optional for wheeled traffic applications Can be used with Schlüter™ frame option Common Uses—entryways in supermarkets, retail stores, malls, office buildings, schools, hospitals, sports arenas, airports				

Specifications

Material

Gray and Brown Bases- 27.52% pre-consumer recycled content
Black Base- 85% pre-consumer recycled content
Total recycled content varies with Designer Insert Options

Size

36" x 40', 48" x 40'

Custom Sizes

36" and 48" widths x lengths to 40'

Weight

1.71 lbs/sq ft

Maximum Rolling Load

1,200 pounds per wheel

Depth	Surface Ramp Frame	Recessed R or J Frame
Grille Only	3/8"	3/8"
Grille & Frame	3/8"	R: 7/16" J: 5/8"

Order Samples

Designer Insert Options

Enhance the beauty of the entrance system by matching Zone 3 (lobby) matting with the Foot Grille Designer Inserts in Zone 2 (vestibule). Coordinating Zone 3 matting product page is referenced below.

Tiles

TILES

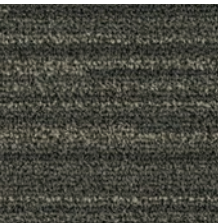

Trilogy Tile™

Superior matting tile with contemporary carpet design

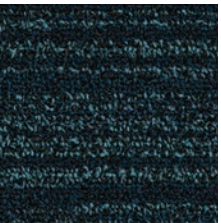

Features	Zones	1	2	3
Aggressive scraping cleans footwear to reduce the risk of slips and falls Durable product ideal for commercial applications High-end carpet-like appearance creates great first impression Can be installed brick, monolithic, or quarter-turn to create interesting patterns Meets indoor air quality testing protocols Class 1 fire rating Common Uses—corporate, educational, retail, hospitality environments				
Specifications				
Material 100% Nylon PA6 Aqualon fiber - textured tufted loop				
Backing 100% post-consumer recycled PET primary backing and Bitumen secondary backing with 10% post-industrial recycled content				
Tile Size 19-11/16" x 19-11/16"				
Case Pack 20 tiles/case (53.8 sq ft)—full cases only				
Weight 139 oz/sq yd				
Thickness 9/32"

Super Nop® 52 Tile

Most durable and effective matting tile in the industry				
Features	Zones	1	2	3

Produced with solution dyed polypropylene fibers for unbeatable resistance to wear, UV and staining (bleach, salt, permanent ink, coffee, red juice, betadine and more)
52 oz. heavy weight pile and large nop design provides outstanding scrubbing action
Can quarter-turn tiles to create parquet pattern
Needlepunch construction provides optimal crush resistance
Edges will not unravel or fray
Common Uses-high traffic entrances, vestibules, lobbies, airports, retail

Specifications
Material 100% solution-dyed UV stabilized fibers (80% Polypropylene; 20% Polyester)
Backing Eco-Bitumen
Tile Size 19-11/16" x 19-11/16"
Case Pack 12 tiles/case (32.4 sq ft)-full cases only
Weight 141 oz/sq yd
Thickness 1/2"

Anti-Fatigue
and Wet Area

3M™ Safety-Walk™ Wet Area Matting 3200

Remarkable slip resistance in wet areas with heavy traffic

Features

Z-web design provides uniform foot support
Durable - won't flatten over time
Open construction allows water to drain through, helping keep surfaces drier
Enhances slip resistance, helping reduce falls
Anti-microbial coating provides resistance to mildew, fungus and odors in the mat
Common Uses—poolside, locker rooms, hydrotherapy rooms, saunas

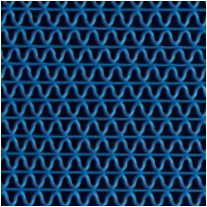

Specifications

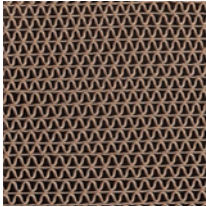

Material
Slip resistant vinyl
Backing
Unbacked
Roll Sizes
3' x 20'
Standard Mat Sizes
3' x 10', 3' x 20'
Custom Sizes
3' width x custom lengths up to 20'

SaniPath™

Features

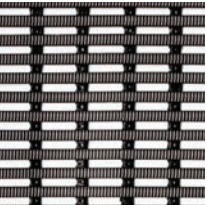

Comfortable for bare feet
Provides slip resistance
Antimicrobial and antifungal additives are infused during production
UV-Resistant
Instant 4-way water drainage
Easy handling for cleaning and storage
Minimum 30% post-consumer recycled PVC content
Common Uses—rooftops, decks, locker rooms, showers/stalls, poolside, jacuzzis, docks, anywhere there is wet flooring

Specifications

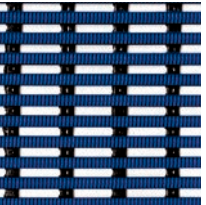

Material
Open grid PVC matting with slip-resistant surface,antibacterial/antifungal properties, and instant 4-way water drainage
Roll Sizes
2' x 33', 3' x 33', 4' x 33'
Thickness
3/8"
Weight
0.75 lbs/sq ft
Recycled Content
30% post-consumer

Safety Path

Features

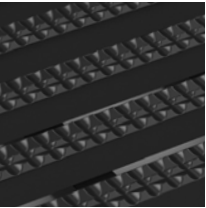

Two-layer, open-grid construction ideal for use in commercial refrigerators and freezers, medicinal transport vans, and commercial kitchens
Designed and manufactured to provide hard-wearing traction
Non-porous PVC withstands extreme cold temperatures like those in commercial freezers, while providing superior traction underfoot

Specifications

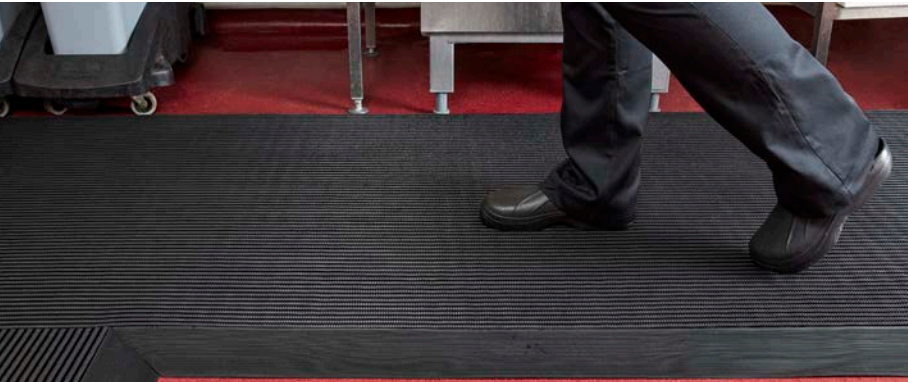

Material
Flexible Polyvinyl Chloride (PVC)
No substances included in the SVHC list under REACH
Overall Thickness
5/8" (15mm)
Roll Size
3' x 40'
Full roll and half roll increments only
Weight
1.6 lbs/ sq ft
Installation
Easily cut to fit on site
Contours to uneven surfaces

Accessories

Adhesives

PRODUCT	USAGE	SIZE	COVERAGE (Approximate)	ITEM#
MI 1000	MI 1000 Adhesive is a premium acrylic adhesive that combines excellent performance with environmental safety. MI 1000 can be used either as a wet-set or semi-dry adhesive, depending upon the porosity of substrate. It is nonflammable, non-hazardous and water resistant providing a strong, long lasting bond designed for the installation of specific Mats Inc. products. Refer to the flooring documentation for confirmation of suitability, all are available at www.matsinc.com .	1 gallon	150-175 sq ft	MI10001
		4 gallon	600-700 sq ft	MI10004

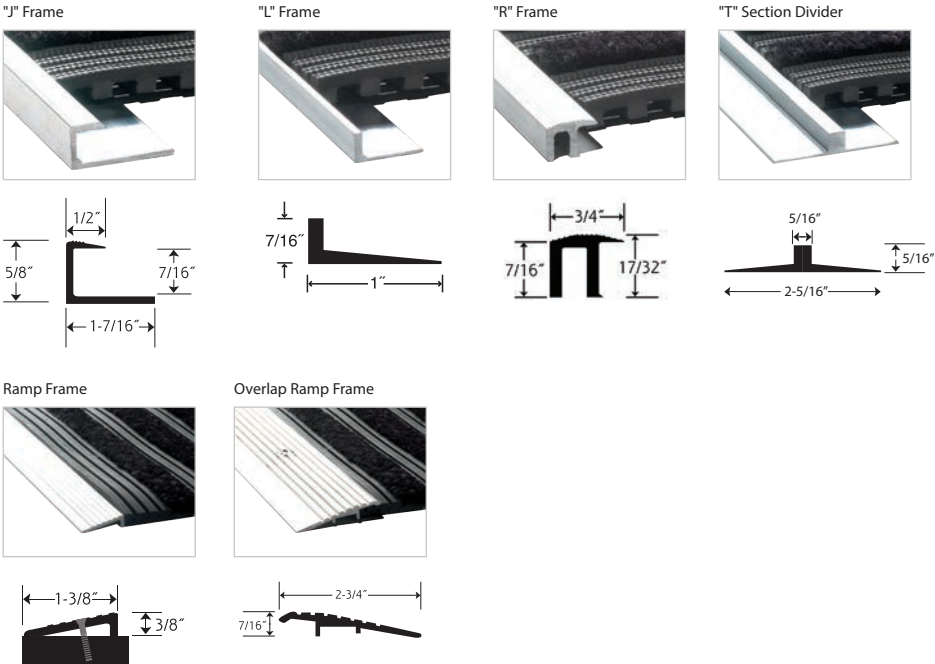

Aluminum Framing

Mats Inc. offers a comprehensive line of aluminum frames and transitions for all of our products to ensure smooth transitions and trouble-free installations. Frames are sold in full lengths as listed below or in 1' increments and should be cut to the appropriate size and mitered on-site to ensure proper fit.

PRODUCT	TYPE	SIZE	ITEM#
"J" Frame	Recessed/Surface Mount	5/8" x lengths to 20'	ALJFRLP
"L" Frame	Recessed	7/16" x lengths to 12'	ALLFR
"R" Frame	Recessed/Surface Mount	7/16" x lengths to 12'	ALRFRLP
"T" Section Divider	Recessed/Surface Mount	5/16" x lengths to 10'	ALT38
Ramp Frame	Surface Mount	3/8" x lengths to 12'	ALRMP3
Overlap Ramp Frame	Surface Mount	7/16" x 2-3/4" x lengths to 10'	ALSMR2

Note

Many Aluminum Foot Grilles are supplied with frame systems fabricated specifically for the product type and installation method. These frames are shipped with the Architectural Grilles. Additional frames are not required. Consult Customer Care for details.

Nosing & Edging

Many matting Roll Goods and Walk-Off Mats & Runners may be cut to custom sizes and have nosing applied to one, two, or all four sides of the mat to provide smooth transitions for loose-laid applications. Consult Customer Care for assistance.
