Introducing Frameless Collection

Presenting exclusive Frameless Collection – a novel range of European-styled cabinets meticulously crafted to enhance your kitchen and bathroom areas. Constructed with enduring melamine in the Classic doors and utilizing engineered furniture board in the Deluxe doors, these cabinets showcase modern frameless design that maximizes space efficiency while ensuring robust and refined aesthetics. The discreet hinges and full-overlay doors contribute to the sleek lines and minimalist allure characteristic of European cabinetry, bringing both style and practicality to your everyday life. This line exemplifies our commitment, offering adaptable cabinetry solutions for contemporary living.

Collection Structure

SAF Cabinary is designed for lasting use, crafted with care to meet precise standards using engineered furniture board. Our European Frameless collection features fully adjustable hinges and drawer glides with soft-close technology for a touch of luxury. We keep it simple yet reliable, ensuring that this line brings a touch of enduring style and convenience to your spaces.

Cabinet Structure

- 1 Door Panel
- 2 6-way adjustable soft-close hinge
- 3 3/4"(18mm) premium plywood shelf
- 4 1/4" (6mm) back panel with top and bottom enforced rail
- 5 3/4"(18mm) premium plywood side panels with toe kick
- 6 5/8"(16mm) premium plywood bottom & back panels of the drawer
- 7 Premium metal drawers with 90° sides
- 8 Confirmat connecting system for easy and more durable assembly
- 9 Full access 6-way adjustable soft-close drawer system

Deluxe Colors

GLOSS WHITE

A modern, seamless profile with a high-gloss finish — Gloss White brings crisp sophistication to any kitchen or bathroom. Durable, easy to maintain, and built to make a lasting impression.

MATTE GREY

Understated and refined, Matte Grey delivers a soft, contemporary look that pairs effortlessly with modern interiors. Its muted finish creates a calm, polished ambiance without demanding attention.

MATTE WHITE

Clean and versatile, Matte White offers the timeless appeal of white cabinetry with a softer, non-reflective finish. A natural fit for contemporary kitchens and bathrooms seeking a fresh, refined aesthetic.

Classic Finishes

NATURAL OAK

Warm and enduring, Natural Oak brings the character of light wood grain to kitchen and bathroom spaces. A seamless blend of natural texture and modern frameless design — built for lasting beauty with minimal upkeep.

WALNUT

Rich in tone and texture, Walnut adds depth and warmth to any space. Its distinctive wood grain lends a sophisticated, organic quality to kitchens and bathrooms that stand out from the expected.

GLOSS WHITE

Bold. Bright. Built to Last. Gloss White sets the tone for modern kitchen and bathroom design with a high-gloss finish that commands attention without overcomplicating the space. Its seamless, Frameless profile amplifies light and creates the illusion of a larger, more open room — a strategic advantage in multifamily and commercial builds where square footage is at a premium.

Pairs well with matte black or brushed nickel hardware, quartz or concrete countertops, and light-toned flooring for a clean, contemporary finish.

Durable PET laminate surface resists moisture, chemicals, and daily wear — easy to clean, fade-proof, and built for spaces that don't slow down.

MATTE WHITE

Timeless Without Being Safe. Matte White brings the versatility of white cabinetry with a softer, more considered finish. Where gloss reflects, matte absorbs — creating a warmer, more tactile presence that feels intentional rather than default. It's the choice for designers who want white done right.

Pairs well with warm wood accents, brushed gold or matte black hardware, and stone-look countertops for a layered, sophisticated palette.

The non-reflective surface minimizes visible smudges and surface imperfections — a practical advantage in high-traffic residential and light commercial environments.

MATTE GREY

The New Neutral. Matte Grey has earned its place as the go-to finish for contemporary interiors that want depth without drama. Its muted, cool tone works across a wide range of design directions — from minimalist to industrial to Scandinavian-inspired — making it one of the most versatile options in the collection.

Pairs well with white or concrete countertops, chrome or brushed nickel hardware, and mid-tone or light wood flooring for a balanced, modern look.

Moisture and chemical resistant with a fade-proof finish — Matte Grey holds its color and character in kitchens and bathrooms that see real daily use.

NATURAL OAK

Warmth That Works Hard. Natural Oak brings organic warmth to spaces that could use it most — multifamily units, hotel bathrooms, spec kitchens — without the cost or complexity of real wood. The light, natural grain pattern adds texture and character to Frameless cabinetry, grounding modern interiors with something that feels genuinely livable.

Pairs well with white or light grey countertops, matte black hardware, and warm-toned flooring for a cohesive, nature-forward aesthetic.

Engineered furniture board construction delivers the look of real wood with superior resistance to moisture, warping, and wear — built for performance in environments where real wood falls short.

WALNUT

Rich Tone. Lasting Impression. Walnut is the statement finish — chosen by designers who want cabinetry that anchors a space rather than blends into it. Its deep, warm grain adds a layer of sophistication that elevates kitchens and bathrooms from functional to considered. In multifamily and boutique commercial builds, it's a finish that tenants and guests notice. Pairs well with black or oil-rubbed bronze hardware, dark stone or white marble countertops, and medium to dark flooring for a rich, cohesive look.

The same durable engineered construction as the full collection — moisture resistant, fade-proof, and low maintenance — so the look holds up as well as it photographs.
