# BRAVEWOOD

HARDWOOD | 7/16" THICK

## ADAMANTINE PROTECTION

With Adamantine Protection, the Bravewood Collection exceeds wear testing standards, providing unbeatable scratch defense. This ensures long-lasting durability and resilience, maintaining the quality of your floors for years to come.

## REAL WOOD VENEER

With a 6 mil Birch veneer and direct digital print, Bravewood offers the authentic look and feel of real wood.

## TOPICALLY WATERPROOF

Designed for multi-family and light commercial use, Bravewood's topically waterproof construction ensures long-lasting performance and protection against spills and moisture.

## ANTI-FADE & DENT RESISTANT

Bravewood is engineered to resist fading and dents, maintaining its beauty and integrity even in the most demanding environments.

## ECO-FRIENDLY

This collection is environmentally conscious, providing a sustainable flooring solution that meets the highest eco-friendly standards.

QNose Stair Nosing is made from the same product as your flooring selection, ensuring it will match your installed floors.

## HYBRID HARDWOOD | 7/16" THICK

|                   |   |
|-------------------|---|
| Construction      | Waterproof Hybrid Hardwood              |
| Species           | Birch                                   |
| Dimensions        | 7.68" Wide x 48" Long, 195 mm x 1215 mm |
| Overall Thickness | 12 mm                                   |
| Attached Pad      | 1.5 mm IXPE Pad                         |
| Veneer Thickness: | 0.6 mm Wood Veneer                      |
| Surface Finish    | AC4 Rated Antimicrobial                 |
| Design Feature    | Embossed In Register                    |
| Edge Profile      | 4-Sided Micro Bevel                     |
| Packaging         | 20.56 sf/ctn, 8 pcs/ctn, 42.1 lbs/ctn   |

### Installation & Maintenance

Angle/Angle

Ambient & Surface Temperature at Installation: Acclimate product to environment

Maintenance: No Wax, Neutral PH cleaner, such as T&A Supply Fresh Floors

Expansion & Transition: 3/8" expansion; max room size w/o transition 40x40

### Test Method & Requirements

|                                 |                  |      |
|---------------------------------|------------------|------|
| Standard Laminate               | EN 13329         | Pass |
| Thickness (with Pad)            | ASTM F386/ (387) | Pass |
| Wear Layer Thickness            | ASTM F410        | Pass |
| Squareness of Element           | ANNEX A          | Pass |
| Height Difference of Element    | ANNEX B          | Pass |
| Opening Between Element         | ANNEX B          | Pass |
| Tabor Abrasion                  | ANNEX E          | Pass |
| Large Ball                      | ANNEX F          | Pass |
| Small Ball                      | ANNEX F          | Pass |
| 24 Hour Thickness Swelling      | ANNEX G          | Pass |
| Resistance to Staining          | EN 438           | Pass |
| HPLC Gradient Chemical Analysis |                  | Pass |
| Pull Test                       |                  | Pass |
| Impact Insulation Class IIC     | ASTM E492*       |      |
| Sound Transmission Class STC    | ASTM E90*        |      |

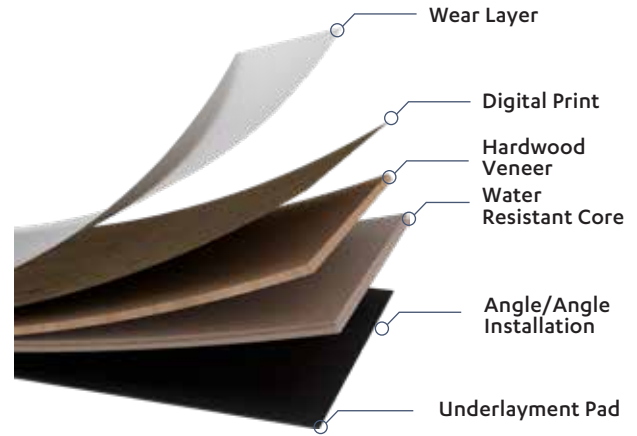

\*The flooring assembly dictates IIC, STC, HIIC, and Low IIC results; contact your representative for specific testing.
