

SIERRA TILE

RIGID CORE LUXURY VINYL

6.0 mm is an excellent choice for residential use as well as light to moderate commercial applications.

Hermes Gray | DGRC1403

Comfort Flooring

Sierra Tile is a durable SPC rigid core flooring designed to combine stone-like beauty with practical performance. Its 6.0 mm construction, including a 1.0 mm pad, offers comfort underfoot and excellent sound absorption. With a 12 mil wear layer and polyurethane coating, it provides reliable resistance to scratches, moisture, and daily wear.
