RUBBER FLOORING

procedoflooring.com

maxime

Maxime Rubber's ease of maintenance and durability provides the performance you need and expect, while the updated tone-on-tone marbling pattern provides subtle but impactful design character. Add those attributes with the additional benefits Maxime brings: superior slip resistance, the comfortable anti-fatigue properties of rubber, and the quiet sound control properties of rubber, and Maxime becomes the #1 solution for your hard-to-find commercial rubber flooring needs.

Multi-purpose: Education multi-purpose or general assembly areas, latchkey/daycare areas, animal care areas including veterinarian offices, doggy daycare or grooming areas.

Sports: Weight rooms, locker rooms, workout areas including free weight areas, under workout equipment, or in aerobic or stretching areas.

Retail: Sports areas, retail display areas, or general areas that receive heavy foot traffic or heavy rolling loads.

RUBBER FLOORING

FEATURES + BENEFITS

Maxime Rubber Flooring is a PVC-Free homogeneous rubber tile that can handle almost any heavy commercial application thrown at it. From sports flooring areas to multi-purpose areas, Maxime will stand up to cleats, free weights, heavy foot traffic, and rolling loads from everyday use.

- 1/4" Homogeneous Layer of PVC-Free Rubber provides durability and ease of maintenance that provides long-term flooring solutions.
- Ease of maintenance – requires no floor finishes in its maintenance program.
- Superior residual indentation resistance which means Maxime Rubber Flooring is perfect for free weight areas, workout equipment, or areas with heavy rolling loads.
- Hammered texture provides a subtle texture that is easy to maintain while also offering excellent slip resistance and anti-fatigue properties.
- Non-porous surface is resistant to absorption of soils, spirits, and moisture; excellent resistance to chemical staining.

Warranty

Limited Five (5) Year Commercial Warranty
