

Hopper
In White

Window World® Hopper windows help add ventilation and light to basement, garage, and attic spaces. Heavy-duty hardware and the convenient, tilt-in design create easy-to-care-for, easy-to-operate windows.

Best-In-Class Features

- Welded, heavy-duty vinyl construction adds strength and durability while the multi-chambered mainframe creates sealed air spaces to provide an effective insulating barrier.
- A beveled exterior edge adds style and curb appeal to an already sleek design.
- Dual-pane insulating glass creates a sealed air space between the panes that is enhanced by our warm-edge spacer system.
- Step-frame design and dual weather stripping provide tight seal and enhanced weather protection.
- Multiple locking points enhance security and provides peace of mind.

Energy-Saving Glass Packages:

Our SolarZone™ insulated glass packages help you save on heating and cooling costs while also keeping your home more comfortable. In warm weather, SolarZone reduces solar heat gain, minimizes interior glare, and lowers inside glass temperature to save energy and keep you cool. In cold weather, SolarZone helps to control the heat inside your home by providing thermal protection that keeps the inside glass panel warmer.
