

Window World®

4000 SERIES CASEMENT AND AWNING VINYL REPLACEMENT WINDOWS

4000 SERIES CASEMENT
In White

With clean lines and unobstructed viewing areas, Window World® Casement and Awning Windows bring the outside in. Air will flow freely through casement windows with 90° hinge capabilities and awnings that allow ventilation even on rainy days.

Make your vision come to life.

Reimagine your living space with casement and awning windows by Window World. Sleek designs and smooth functionality are enhanced by energy-saving glass options and state-of-the-art engineering, providing you with worry-free efficiency and performance. With stylish design options, including grids and laminate interior and exterior colors, Window World Casement and Awning Windows make a statement in any home.

AMERICA'S EXTERIOR REMODELERSM

Improving Homes. Changing Lives.®

4000 SERIES

CASEMENT AND AWNING

VINYL REPLACEMENT WINDOWS

Casement windows are hinged on one side for maximum ventilation.

Awning windows are hinged at the top, enabling air flow even on rainy days.

A Closer Look:

- Welded, heavy-duty vinyl construction adds strength and durability while the multi-chambered mainframe creates sealed air spaces to provide an effective insulating barrier.
- A beveled exterior edge adds style and curb appeal to an already sleek design.
- The dual-pane insulating glass creates a sealed air space between the panes, which is enhanced by our Super Spacer® warm-edge spacer system.
- Triple weatherstripping provides a tight seal for enhanced weather protection.
- Multi-point locking hardware enhances safety and peace of mind.

Energy-Saving Glass Packages:

Our SolarZone® insulated glass packages help you save on heating and cooling costs, keeping your home more comfortable year-round. In warm weather, SolarZone® reduces solar heat gain, minimizes interior glare, and lowers inside glass temperature to save energy and keep you cool. In cold weather, SolarZone® helps to trap the heat inside your home by providing thermal protection that keeps the inside glass panel warmer.

Color Options:

A variety of color options is available for both interior and exterior design.

Interior Palette

Exterior Palette

*Black and Silver exterior available on finless products with white interior only.

Grid Options:

From simulated divided lite grids, which convey a historical look, to grids-between-the-glass, which allow for easy cleaning, Window World's variety of grid options has something for everyone. Grids are available in numerous colors, sizes, and patterns to help achieve your desired aesthetic.

Simulated Divided Lite

Available in Sculptured White 5/8" or 15/16"

Grids-Between-the-Glass

*Restrictions may apply. For complete details, see the warranty at your nearest Window World store.
