# 4000-AS

## REINFORCED VINYL SIDING

### Specifications:

<b>Profiles</b>	Traditional Double 4-1/2" Clapboard Elegant Double 4-1/2" Dutch Lap
<b>Texture</b>	Richly detailed oak grain or matte finish
<b>Projection</b>	Deep 3/4" (nominal) panel projection
<b>Colors</b>	On-trend palette of 29 oak grain and 15 matte colors with coordinating accessories

### Superb Construction and Design

Window World 4000-AS is engineered and manufactured to provide exceptional beauty, strength, and durability. The heavy-duty .046" (nominal) premium vinyl panel, fully rolled nailing hem, and secure panel locking system deliver an extra-strong wall attachment. In fact, it has been laboratory tested to meet or exceed the ASTM D5206 industry test standard for negative windload resistance. This design also provides another, perhaps more important attribute: superior rigidity. The enhanced structural integrity ensures straight course lines and even walls – on both new and existing homes.

### Carefree Upkeep

With Window World 4000-AS Reinforced Vinyl Siding, your home will be beautifully protected with a superior exterior that's virtually maintenance-free. The high-performance color won't chip, flake, or peel like painted wood, and won't rot or warp from exposure to moisture. Vinyl siding never needs to be painted. A simple rinse with a garden hose will remove most airborne dust and dirt to help restore the like-new beauty.

### Peace of Mind

Window World 4000-AS Reinforced Vinyl Siding is backed by a lifetime limited, transferable warranty\* – including fade and hail protection. Protecting not only you, but the next owner of your home as well.

Window World 4000-AS Vinyl Siding is backed by the Good Housekeeping Seal.
