ENTRY DOORS

F824-G Door & Sidelite with Contemporary Simulated Divided Lites in premium textured fiberglass in Fir.

Steel and Fiberglass Entry Systems

STRENGTH, STYLE & SECURITY BEAUTIFULLY COMBINED

Enjoy the place you call home with an entry door that brings peace of mind, lasting value, and welcoming beauty.

Your exterior door is more than a secure entrance—it sets the tone for your home, greeting family and friends while enhancing curb appeal. That's why we build our entry door systems with carefully selected components and quality workmanship, ensuring long-term performance in any climate. Designed with security at the forefront and crafted to reflect your individual style, our doors protect what matters most so you can focus on creating memories and enjoying life.

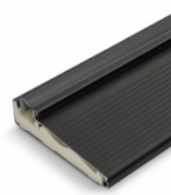

24AT panel in Knotty Alder Fiberglass

ENTRY SYSTEM STANDARD FEATURES

Dura-Tech Jamb

- Durable PVC bonded to Dura-Frame™ jamb for long-lasting protection against moisture and rot
- Available in all paint and stain colors
- Matching brickmould with nail-free attachment for a seamless look
- Optional 4" trimmable brickmould hides gaps between siding and door frame

Auto-Adjusting Sill

- Z-Articulating Cap Sill® delivers constant protection against leaks, drafts, and insects
- Stands up to wind and water
- No rotting, warping, or deterioration over time
- Champagne sill standard, with optional Bronze or Mill finish
- A continuous sill creates a stronger system and reduces the opportunity for air and water infiltration on sidelite units

Insulated Core

- Polyurethane foam core fills every void
- Enhances sound proofing
- Protects from heat loss or gain - five times more efficient than a wood door

Ball-Bearing Hinges

- Reduces door squeak and eliminates grinding dust (black powder)
- Nine available finishes: Antique Brass, Antique Nickel, Bright Brass, Bright Chrome, Colonial Bronze, Dull Chrome, Matte Black, Satin Brass, and Satin Nickel
- T-nuts are used on all wood jambs to prevent hinge screws from stripping, prevent door sagging

One Piece Mullpost

- Adds strength and ensures your entrance system is storm door ready

ENTRY SYSTEM PREMIUM FEATURES

Premium Glass Frame ST, BF

- Low-profile glass frame that blends seamlessly into the door
- Innovative clip system eliminates screws and caps
- Sealant will not squeeze out, leaving a sticky residue on your door, and does not deteriorate, ensuring a weathertight seal for the life of your door.
- Resists scalloping and warping in severe temperatures and direct sunlight, even when painted dark colors

Flush-Glazed Glass Frame BF

- Sleek, modern style with no visible frame
- Larger glass surface maximizes natural light
- Provides greater visibility and a welcoming feel that brightens the home

Adjustable Hinge Plate System ST, BF, PC, PF, PK, PO

- Allows the door to be easily adjusted up/down and in/out within the frame
- Ensures a perfect fit for optimal performance and weather sealing, fixing gaps and door closing issues
- Standard on Smooth Steel and Premium Fiberglass doors

Advanced Door Edges PC, PF, PK, PO

- Our premium textured fiberglass doors have 4" of engineered lumber on both the hinge and latch edges to keep the door straight and tight against the weatherstripping.

ST - Smooth Steel
BF - Brushed Smooth Fiberglass
PC - Premium Cherry Fiberglass
PF - Premium Fir Fiberglass
PK - Premium Knotty Alder Fiberglass
PO - Premium Oak Fiberglass

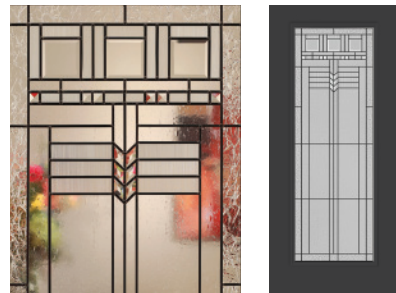

DECORATIVE GLASS OPTIONS

Brownstone

Stylish Brownstone can be elegantly integrated into the architectural styles of another era or matched with the simple, sleek lines of today. Beveling is the hallmark of this refined design. Brownstone offers a medium level of privacy.

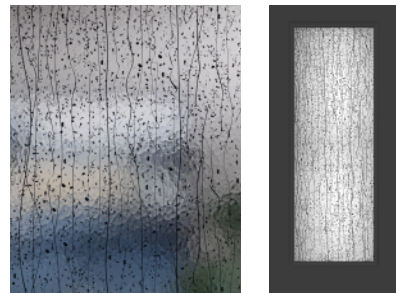

6 Privacy Rating ● Patina Caming

Heartland

When you think Craftsman style, you're thinking Heartland. A patina finish and handcrafted, textured glass create a striking geometric pattern reminiscent of Arts and Crafts design. Four glass types create a bright entryway and medium privacy level.

5 Privacy Rating ● Patina Caming

Mistify Black

Mistify is the playful combination of pattern and texture. The black drizzle pattern is fused to softly textured glass, resulting in a mesmerizing statement piece for any modern entryway and privacy for the home.

6 Privacy Rating

Oxford

Oxford's formal pattern of beveled glass, accented with gray shades, is the epitome of traditional design. The nickel caming complements door hardware, light fixtures, and interior furnishings. Oxford provides a medium level of privacy.

6 Privacy Rating ● Nickel Caming

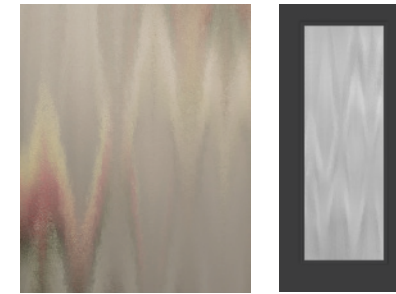

Regency

The value you place on history makes Regency your perfect choice. Its deeply cut beveled glass and satin nickel or brass finish create a classic design that endures, just like the family treasures that lie within your home.

6 Privacy Rating ●● Brass or Satin Nickel Caming

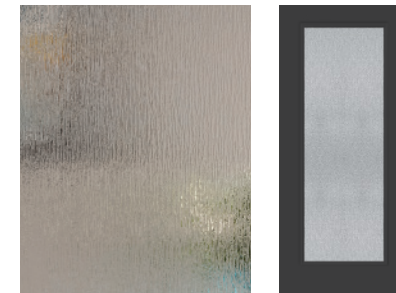

PRIVACY GLASS OPTIONS

Chinchilla

As touchable as its namesake, Chinchilla's fine lines and organic, fur-like texture create a striking wave pattern when seen from afar. It offers a high level of privacy with the textured glass surface exposed to the inside of the home.

9 Privacy Rating

Rain

All that's missing is the patter of raindrops. Rain features a vertical pattern and textured surface that creates the illusion of rain trickling down a window. It offers a high level of privacy with the textured surface enclosed in glass.

9 Privacy Rating

Enclosed Blinds

Blinds enclosed between glass give you privacy and light control without dangling cords and endless dusting. Close your blinds for complete privacy and security or open them up to enjoy the outdoors. The levels of light and privacy are yours to control using our easy operator.
