The Window World Story.

It all began in 1995 with the unique vision and energetic passion of one man with a dream: to develop a home improvement company with a moral compass like no other. He would offer only the finest quality products with distinction and integrity — and do so at the lowest possible price. Quite simply, the best for less. He set out to break the mold and change the remodeling industry. And did he ever. Today, we are America's Largest Replacement Window and Exterior Remodeling Company.

We are proud to offer beautiful, world-class products from industry leading manufacturers of windows, siding, doors, and other professional-grade exterior building products. Our manufacturing partners demonstrate a proven record for superior craftsmanship, enduring quality, and genuine value. Our combined professionalism and expertise are further assurance that Window World is an excellent selection for your home.

Welcome Our New Partner!

We enter a new era of growth with the addition of roofing to our service offerings, and with that, we welcome CertainTeed to our distinguished list of partners. For over 115 years, CertainTeed has built its reputation by making the highest quality and most beautiful roofing products in the market and backing them with the best warranties in the industry. CertainTeed's founding slogan "Quality made Certain, Satisfaction Guaranteed," speaks clearly to our mission at Window World and we are proud to offer this incredible company's line of roofing products.

We also take pride in our company-wide commitment to customer happiness. From start to finish, our knowledgeable and friendly teams provide you with the exceptional customer care and attention to detail you can expect from the Window World brand.

Our Promise.

We do our best on every job, every day, because at Window World we trust that a great job today will bring referrals from family, friends, and neighbors tomorrow.

Start with the BEST

Window World is a CertainTeed ShingleMaster™. This credential requires a commitment to professionalism and dedication to quality craftsmanship that few other roofing companies demonstrate.

You've selected a qualified CertainTeed credentialed contractor and you're choosing the right shingles and roof system. Why not add that extra layer of protection with SureStart™ PLUS?

All CertainTeed shingles carry standard SureStart protection which fully covers your shingles during the early years following installation in the event of a manufacturing defect. Once the SureStart period ends, typically after 10 years, you are covered for shingles only and at a reduced rate as the roof ages.

Your CertainTeed ShingleMaster is exclusively authorized to offer you two levels of SureStart PLUS when you install a CertainTeed Integrity Roof System. SureStart PLUS takes CertainTeed's traditional SureStart protection and extends coverage for up to 50 years, depending on the level of protection you choose. That means, in the event of a manufacturing defect, you are fully covered.

Integrity Roof System™

A complete approach to long-lasting beauty and performance

With as much care as you take in selecting the right contractor, choosing the right roof system is equally as important. A CertainTeed Integrity Roof System™ combines key elements that help ensure you have a well-built roof for long-lasting performance.

1. Waterproofing Underlayment

The first step in your defense against the elements. Self-adhering underlayment is installed at vulnerable areas of your roof to help prevent leaks from wind-driven rain and ice dams.

2. Water-Resistant Underlayment

Provides a protective layer over the roof deck and acts as a secondary barrier against leaks.

3. Starter Shingles

Starter Shingles are the first course of shingles that are installed and designed to work in tandem with the roof shingles above for optimal shingle sealing and performance.

4. Shingles

Choose from a variety of Good-Better-Best styles to complement any roof design and fit your budget.

5. Ventilation

A roof that breathes is shown to perform better and last longer. Ridge Vents, in combination with Intake Vents, allow air to flow on the underside of your roof deck, keeping the attic cooler in the summer and drier in the winter.

6. Hip & Ridge Caps

Available in numerous profiles, these accessories are used on the roof's hip and ridge lines for a distinctive finishing touch to your new roof.

Add a Little Accent to Your Roof

For a finishing touch to cap hips and ridges, CertainTeed offers accessory shingles—available in colors to coordinate with your CertainTeed shingles. CertainTeed offers several different profile designs to give added dimension to your roof lines.

Color Companion Products™ for Flat Roof Areas

With CertainTeed Flintlastic® SA, you can coordinate flat roof areas like carports, canopies and porches with your main roof. Flintlastic SA is a self-adhering low slope roofing product available in colors that complement some of the most popular CertainTeed shingles.

All CertainTeed shingle warranties include SureStart™ coverage, which offers protection against manufacturing defects during the critical early years after installation. SureStart covers the cost of labor and materials required to repair or replace any shingle proven defective. Most CertainTeed shingles come with a lifetime limited transferable warranty, including 10-year SureStart protection and 15-year 110 mph wind-resistance coverage, (an upgraded 130 mph wind warranty is available also). See actual warranty for details.
