

A young girl with long brown hair, wearing a light blue long-sleeved shirt, is lying on a bed with white pillows and a teal cushion. She is smiling and holding up a pink stuffed animal. Above her are two white-framed skylights with white Venetian blinds, set into a white ceiling. The skylights are open, showing a bright blue sky with light clouds. The room has white walls and a white dresser is visible in the lower right foreground.

Electric Fresh Air Skylight Systems

Deck-Mounted and Curb-Mounted

Transforming spaces into favorite places.

Why skylights?

Daylight is powerful. It helps create a warm, inviting space while improving our overall well-being and decreasing our dependency on electricity. Skylights provide abundant daylight and fresh air, transforming the look and feel of an entire home. We're often asked, "Why skylights?" But with endless benefits to installing more natural light, the question should really be, "Why not skylights?"

Why VELUX?

For over 80 years, VELUX has pioneered the roof window and skylight market. Our focus has always been on creating the highest quality, most energy-efficient daylight products available. Take advantage of our experience and reimagine your home in daylight with VELUX skylights.

Climate Control

Privacy

Your skylight looks up, protecting your home's privacy down below.

Lower Electric Bill

Turn off more lights in your home by soaking up free light from above.

Unique Design

Add the finishing touch by pairing your skylight with designer shades.

Ventilation

Opening your skylight helps refresh your entire home with fresh air.

Rain Detection

With the first drop of rain, your skylight automatically closes itself for you.

Meet your VELUX Skylight System.

The Dramatically Transformative Skylight

Watch your space fill with natural daylight and fresh, clean air with VELUX Electric "Fresh Air" Skylights.

1

Glass Skylight

The base of the VELUX Skylight System is our world-famous skylight! The electric venting skylight opens at the touch of a button to provide fresh air in addition to abundant natural light. Powered by your home's electricity, it features a 20' concealable wire that connects to a standard junction box for easy installation.

5

Rain Sensor

Each electric venting Skylight System features an integrated rain sensor to close the unit automatically at the first signs of inclement weather.

Climate Control

2

Solar-Powered Shade

The included room-darkening skylight shade is solar-powered and offers total light control, increasing the Skylight System's energy performance up to 45% (actual percentage varies by skylight model and size).

3

Remote Controls

Pre-paired remote controls for shades are included in all Skylight Systems for easy set-up. Electric Skylight Systems also include remotes to open and close the skylights.

4

Standard Safety Glass

Our Standard Safety Glass is a laminated glass that is safe for out-of-reach applications. It is double-paned with an argon fill to help reduce unwanted outside noise while providing a clear view of the skies above.

6

Insect Screen

All venting Skylight Systems each include an insect screen to prevent bugs and debris from entering your home through an open skylight.

7

Weathertight Guarantee

VELUX flashing is required to create a weathertight seal around deck- and curb-mount Skylight Systems, as well as to qualify for our 10-year installation warranty. **Flashing kits packaged and sold separately.**

Pre-Installed**
for Total Light &
Climate Control

Simple control of all VELUX skylights and shades with one remote.

The Touch remote controls both skylights and shades, featuring ventilation timing and programmable presets.

We believe it should be easier to create your perfect home environment with VELUX skylights and shades. Now, with VELUX Touch, you only need to reach for one remote to take control of every skylight and shade you install. Talk about indoor comfort right at your fingertips!

- Remote operation in room where your skylights are installed
- Operate multiple products at once
- Group skylights and shades to operate together
- Set the ventilation timer for regular automated home airing
- Lock home option to securely close all your skylights automatically
- Preset shade and skylight positions for even easier operation

Remote Comparison

VELUX Wall Switch

For customers that want basic and simple benefits, and no smartphone control.

VELUX Touch

VELUX App Control

For customers that wish for more benefits and smartphone control, without full automation of products.

VELUX ACTIVE

For customers that wish to see insight into air and temperature statistics of their home and improve it through automatic ventilation and heat control.

The VELUX Skylight Guarantee

Three patented layers of water protection work together to ensure your VELUX skylight will hold up in all weather conditions.

Our skylight warranty is our commitment that VELUX skylights installed with our flashing will stand strong in all types of weather. We're able to make this commitment with a 10-year installation warranty backed by our patented three layers of water protection on deck- and curb-mounted skylights.

- 1 Pre-Attached Seal**
Pre-attached deck seal (deck-mounted) or gasket (curb-mounted) provides a tight seal for leak-proof installation.
- 2 Adhesive Underlayment**
Adhesive underlayment for secondary water protection against the harshest weather conditions.
- 3 Engineered Flashing**
Engineered flashing for easy installation and primary water protection.

Transforming spaces since 1941. For over 80 years, VELUX has helped people envision and achieve the transformation of spaces using daylight and fresh air through the roof. Our product program includes skylights, Sun Tunnel® skylights, decorative shades and roof windows, as well as installation and smart home solutions. By creating brighter, healthier, more sustainable places to live, work, learn, and play we enable a better everyday life for people around the world. We work globally with sales and manufacturing operations in more than 40 countries and around 11,500 employees worldwide. The VELUX Group is owned by VKR Holding A/S, a limited company wholly owned by non-profit, charitable foundations (THE VELUX FOUNDATIONS) and family.
