

TECHNICAL DATA SHEET

Varn® Take It Off

KU40-OTF

**Description:**

A superior paste roller and blanket deglazer in a gelled form, which penetrates deep into the rubber surface, lifts out dried ink and dissolves built up glaze.

This product utilises a unique mild particulate which scrubs away both ink and glaze, yet will not damage the surface of rollers and blankets. It has no affinity to remain on metal or rubber surfaces, so it flushes away completely with a water miscible wash.

Especially recommended as a key part of a regular roller maintenance program.

Application:

- **BLANKETS:**
- Wipe Varn® Take It Off on entire surface of blanket and allow to penetrate and then wash up blanket with a Varn® water miscible wash before starting up press.
- To restore a glaze-blocked blanket, apply Varn® Take It Off to the blanket and let stand overnight or over a weekend. Wash up press thoroughly before starting up.
- **ROLLERS:**
- Remove wet ink. Apply a small amount of Varn® Take It Off over the distributor roller. Run in for at least 3 minutes.
- Engage the wash up blade and rinse rollers with a Varn® water miscible wash.

Key Features:

- Helps to extend life of blankets and rollers.
- Safe on rollers and blankets.
- Removes gum and ink glaze.
- Non-abrasive.
- Safe to use
- High flashpoint (>60°C) AIII.

TECHNICAL DATA SHEET

Varn® Take It Off KU40-OTF

**Limitations:**

- For presses equipped with EPDM rollers do not leave on for more than 1 hour.

The final product/packaging structure and complete packaging must be tested and approved according to the intended application by the printer/packer. If your application covers any of the above, or other non-standard applications, please consult your local Flint Group technical support for guidance.

Storage:

- The products should be processed within 12 months after production date.
- To prolong the shelf life of the product, we recommend storage in its original, un-opened packaging at room temperature (20 - 25°C), as correct storage conditions are essential.

Quality / Environment / Health & Safety

Flint Group maintains a comprehensive Management System that integrates quality, environment, health & safety. Our production and quality control processes meet high industry standards, ensuring product safety and reliability. When used as intended, our products are safe and pose no hazards under normal conditions. For more details, refer to the Safety Data Sheet.

Handling precautions – skin sensitization

Ensure the use of proper protective equipment when handling chemicals. For detailed guidance, refer to the Safety Data Sheet and consult with your PPE (Personal Protective Equipment) provider.

Additional Information

Please contact your local Flint Group Customer/Technical Service if further information is required.
