Introducing AQUACode!

A full range of water-based inks that have been designed to deliver safety, flexibility, ease of use and enhanced sustainability.

Flint Group's AQUACode range includes inks and coatings designed to meet the needs of specific Paper & Board packaging applications. From corrugated to aseptic packaging, the AQUACode range offers numerous operational and quality benefits, including products that support a circular economy.

The AQUACode range will deliver reduced waste and increased efficiency and reduce the total cost of Paper & Board printing.

Product safety and premium quality:

- Compliance with global and local food packaging regulations
- Experts who support regulatory needs
- Outstanding print quality and coverage
- Supports expanded color gamut and high definition printing
- Product consistency & high strength solutions

Enhanced supply & sustainability:

- Dedicated team of procurement specialists
- Built from a selection of the highest quality materials
- Sourced from responsible & secure supply chains
- Sustainable technology
- Supports a circular economy for packaging
- Includes high-performance coatings

Global & regional regulatory compliance:

- Addressing Reach and TSCA
- Meets international food packaging criteria
- Based on a stringent selection of raw materials for food packaging, safety & sustainability
- Low VOC levels
- Regionally compliant in North America and other parts of the world

Versatile & easy to use:

- Highly flexible system
- Ability to print on a variety of applications, substrates & weights
- Easy to use & easy to wash up
- Consistent colors and press return stability

Effortless transitions & future proofed:

- Easy implementation process & effortless product transition
- Meets & exceeds market-leading press speeds
- Optimized to meet food safety requirements
- Developed to support future packaging innovations

Added value & reduced print costs:

- Improved coverage on low weight grades
- Optimized formulation costs
- Industry leading mileage
- Excellent solubility & reduced plate cleaning
- Outstanding press return stability
- pH and viscosity stability

We bring **colour** to the world
