

TECHNICAL DATA SHEET

Varn® V-324 KV35-011

**Description:**

Varn® Wash V-324 is a conventional water-miscible press wash designed for use as either a hand wash or in an Oxy Dry™ brush system. Varn® Wash V-324 provides excellent cleaning without swelling most rubber compounds.

Application:

- For best results, allow product to reach room temperature before using. Use as is or mix with up to 50% warm water and shake until milky emulsion forms. Apply directly to rollers until clean. Saturate rag and thoroughly clean blankets.

Key Features:

- Flash point >142 F.
- Water miscible.
- Minimal swelling of blankets and rollers.
- Meets definition for non-photochemically reactive solvents.

For more details, contact your nearest Flint Group Packaging Solutions office or dealer.

TECHNICAL DATA SHEET

Varn® V-324 KV35-011

**Storage:**

- The product should be processed within 12 months after production date.
- To prolong the shelf life, we recommend storing the product in its original, un-opened packaging at room temperature (68 -78 °F), as correct storage conditions are essential.

Quality / Environment / Health & Safety

Flint Group maintains a comprehensive Management System that integrates quality, environment, health & safety. Our production and quality control processes meet high industry standards, ensuring product safety and reliability. When used as intended, our products are safe and pose no hazards under normal conditions. For more details, refer to the Safety Data Sheet.

Handling precautions – skin sensitization

Ensure the use of proper protective equipment when handling chemicals. For detailed guidance, refer to the Safety Data Sheet and consult with your PPE (Personal Protective Equipment) provider.

Additional Information

Please contact your local Flint Group Customer/Technical Service if further information is required.
