

Web-Based Color Enquiry into Flint Group's Global Color Centre Unique ID and Customer Profile Provides Bespoke 24/7 Service

VIVO ColourPortal is part of Flint Group's unique color services toolbox designed to provide a dynamic end to end digital colour workflow for an integrated pressroom.

VIVO ColourPortal is a secure web-based 2-way communication platform for color matching requests, made for the print industry by print experts, which easily adapts to the changing requirements of our industry.

VIVO ColourPortal is a unique, bespoke, and dynamic global communication platform between the customer site and the Global Color Centre (GCC) supporting daily color requests and GCC to press correlations. Use of the portal ensures recipes conform to the best practice and lowest practicable cost based upon the customers' requirements.

FEATURES & BENEFITS:

- Quick, consistent, and professional color management service.
- Every color match is bespoke to the customer's site and/or press profile.
- Secure site interface is password protected.
- Multiple format file handling and sharing.
- Multiple languages are supported.
- Shipment and delivery tracking.
- Customized reporting.

System requirements

VIVO ColourPortal requires a PC, internet connection and web browser. The minimum requirement is Windows 10 and the latest version of Edge, Chrome or Firefox.
