Varn® Primula Wash

Zero aromatic water miscible roller & blanket wash for conventional offset inks

Product Features

- Varn® Primula Wash is a water miscible one step wash formulated to meet ecological requirements for safety in roller and blanket washes.
- Varn® Primula Wash was specially formulated to meet the ever increasing demand for safer pressroom chemicals.
- Varn® Primula Wash has unique anti-corrosion additives that give outstanding protection to presses and can universally be used on blankets, rollers and automatic washing systems.
- Varn® Primula Wash is fully biodegradable and has low odour.

Advantages

- No aromatics or glycol ethers.
- No chlorinated solvents.
- Plate safe.
- Suitable for automatic washers.
- Water miscible.

Varn® Primula Wash

Available pack sizes

KV10-03PW-#### (final 4 digits relate to pack size).

Product code

10 litres (01F9), 20 litres (01H5), and 200 litres (01MP).

Application

Blankets: Mix with water or apply to a dampened wash-up cloth to remove water soluble and solvent soluble glaze, blanket piling and lint

Rollers: Use undiluted or mix with up to 25% water to remove gum glaze, paper fibres and lint.

For optimum performance use in conjunction with Varn® Take it off/Revitol and Varn® Calcium deglazer as part of a regular press maintenance system.

Not suitable for use with EPDM rubber compounds.

Follow relevant Good Manufacturing Practice (GMP) guidelines if used for the production of food packaging.

VOC content

90.5%.

Flashpoint

40°C (AIII).

More products. Streamlined access. Greater results.

We offer a uniquely powerful combination of products, services and expertise; giving you access to the industry's broadest range of pressroom products.

Pressroom Chemicals. Blankets. Sleeves. Consumables.
