

TECHNICAL DATA SHEET

Varn® Aqua Plus KU40-5AC

- Description:** Specialised water additive for use in the water tanks of automatic blanket and roller washing devices.
- Effectively increases the “wetability” of water thus aiding flow across the blanket and enhancing its emulsification properties which in turn enable lint, paper dust, gum glaze and residual blanket and roller wash to be removed more efficiently.
- Application:**
- Dose Varn® Aqua Plus at 5.00 % directly into the water tank of automatic roller and blanket washing systems.
 - Follow relevant Good Manufacturing Practice (GMP) guidelines if used for the production of food packaging.
- Key Features:**
- Contains wetting agents which improves flow across the blanket and emulsification properties, giving superior blanket washes.
 - Contains a release agent giving Improved sheet/web release -Providing reduced stock waste and prolonged blanket life.
