## USER-FRIENDLY MOBILE APPLICATION FOR COLOUR MATCHING REQUESTS.

VIVO ColourPortal is part of Flint Group's unique colour services toolbox designed to provide a dynamic end-to-end digital colour workflow for an integrated pressroom.

VIVO ColourPortal is a unique, bespoke, and dynamic global communication platform between the customer site and the Global Colour Centre (GCC) supporting daily colour requests and GCC to press correlations.

Using the portal ensures recipes conform to the best practice and lowest practicable cost based upon customers' requirements.

Enhance your experience with VIVO ColourPortal and download our user-friendly mobile application. Digital requests for a colour recipe or colour standard has never been so easy!

The new application integrates all the VIVO ColourPortal functions available via your web browser with the ease of communication through a mobile device.
