

TECHNICAL DATA SHEET

Varn® SUPREME CA 550

KT25-024

- Description:** Varn® Supreme CA 550 is an universal one-step sheetfed fountain solution suitable for all conventional and UV/LED sheetfed presses. It can also pair up with Absolute 6300 to further reduce the water-dial speed. Established, high performance, one-Step, low dose product, works well for both baked and unbaked Plates
- Application:**
- Recommended dosages: typical dosages of 4-6 ounces per gallon of water, for low/non-absorbent substrates or jobs require low water speed, use 5-8 ounces per gallon of water. For best results, start with a clean dampening system.
- Key Features:**
- Economical concentrate
 - Do not require alcohol substitutes in majority of printing applications
 - Compatible with conventional, hybrid, UV, HUV, and LED inks
 - Offer a wider operating window with a wide variety of substrates, presses, and plates
 - Reduced ink build-up on rollers
