Varn® UV MRC

Specialist Fast evaporating dampener and metering roller cleaner for all printing applications and press types

Product Features

- Varn® UV MRC is a powerful degreaser which quickly and efficiently removes UV ink from bareback dampeners.
- Varn® UV MRC is a fast evaporating formula developed specifically to minimise waste on start up.
- Varn® UV MRC is compatible with both EPDM and PVC nitrile compounds.
- Varn® UV MRC has been specifically formulated for press applications that previously required the now banned substance Trichloroethane or MEK.

Advantages

- Low odour
- Specially formulated for UV Inks
- ISEGA certified
- Excellent ink solvency
- Ultrafast evaporation

Varn[®] UV MRC

Benefits:

- Low swell
- Leaves no greasy residue
- Fast, effective cleaning
- Metering roller remains hydrophilic and aids fast re-starts
- Suitable for UV inks

Available pack sizes 1 litre (01AF), 10 litres (01F9), 20 litres (01H5), 200 litres (01MP) and 1000 litres (01U0).

Product code KV10-5UMG-#### (final 4 digits relate to pack size)..

Application Apply to dampening rollers with a clean lint free cloth and simply wipe away ink, grease and other pressroom contaminates. Can be manually applied to printing blankets as a fast dry blanket wash. Remember to replace cap after use. Do not use near UV lamps.

Follow relevant Good Manufacturing Practice (GMP) guidelines if used for the production of food packaging.

Flashpoint 15°C (AI).

Approvals ISEGA certified for safe use in the printing process of food packaging materials.

More products. Streamlined access. Greater results.

We offer a uniquely powerful combination of products, services and expertise; giving you access to the industry's broadest range of pressroom products.

Pressroom Chemicals. Blankets. Sleeves. Consumables.
