

**Rely on us.<sup>SM</sup>**

## High speed performance, low environmental impact

**TerraCode Bio Bag SX02 Extender for more sustainable, high-performance paper packaging.**

TerraCode Bio Bag SX02 is an eco-conscious, high-speed printing single extender developed specifically for industrial paper packaging applications. Designed for use in combination with HexaCode Bases, TerraCode Bio Bag SX02 offers reliable performance and environmental benefits in demanding packaging environments.

### Key benefits

- Made with 80% bio-renewable content
- Superior performance whilst requiring minimal maintenance
- Supports printing speeds of up to 600 meters per minute
- Low misting/dusting during high-speed runs
- Contains optimised filler content for enhanced print performance
- Delivers good opacity and coverage

**Ideal for industrial bags and paper-based packaging, TerraCode Bio Bag SX02 is a reliable choice for businesses seeking both efficiency and environmental responsibility.**

**Upgrade your printing with a smarter, more sustainable extender.**
