

TECHNICAL DATA SHEET

Varn® HSF 2272 KT15-022

**Description:**

Varn® HSF 2272 is a general purpose OEM approved heatset fountain offers powerful performance, even on high-speed heatset web presses. This mild-acid product is compatible with all press parts, including metal, rubber and plastic. It is corrosion-resistant and minimizes plastic swell while providing excellent print performance.

Application:

- Recommended dosage: 3-5 ounces per gallon of water. For best results, start with a clean dampening system. Conductivity per ounce above water is 300 micromhos.

Key Features:

- Compatible with all heatset inks
- Designed for high-speed press operation
- Reduces ink feedback into the water rollers and tanks
- Reduces piling
- Improves start-up as compared to other fountain solutions in this category

Certifications:

- OEM approved (KBA heatset presses, manroland Goss newspaper presses and commercial presses) in accordance with Fogra corrosion and elastomer swell testing criteria.

TECHNICAL DATA SHEET

Varn® HSF 2272 KT15-022

**Storage:**

- The product should be processed within 12 months after production date.
- To prolong the shelf life, we recommend storing the product in its original, un-opened packaging at room temperature (68 -78 °F), as correct storage conditions are essential.

Quality / Environment / Health & Safety

Flint Group maintains a comprehensive Management System that integrates quality, environment, health & safety. Our production and quality control processes meet high industry standards, ensuring product safety and reliability. When used as intended, our products are safe and pose no hazards under normal conditions. For more details, refer to the Safety Data Sheet.

Handling precautions – skin sensitization

Ensure the use of proper protective equipment when handling chemicals. For detailed guidance, refer to the Safety Data Sheet and consult with your PPE (Personal Protective Equipment) provider.

Additional Information

Please contact your local Flint Group Customer/Technical Service if further information is required.
