

TECHNICAL DATA SHEET

Varn® MAJESTA 39 RT KT15-043

- Description:** Varn® MAJESTA 39 RT is an acid gum high-performance fountain solution for brush or spray dampening system webfed presses. It is formulated with powerful desensitizing package to enhance the cleaning power of non image area. It is highly buffered to work with a wide range of paper stocks and conditions.
- Application:**
- Recommended dosages: Use 4-6 ounces per gallon of water (depending on equipment and requirements). Increase product by ½ ounce per gallon as needed to achieve desired print quality.
 - For best results start with a clean dampening system.
- Key Features:**
- Improves print quality through proper emulsion with heatset inks.
 - Reduces both paper and ink piling and reduces blanket wash frequency.
 - Reduces ink misting and slinging that results in less downtime and paper waste.
 - Robust anti-piling package.
 - Low dosage = lower operating cost
 - Opens up the operating window for the operator.
