Varn® Calcium Eliminator

Outperforms Traditional Metering Roller Cleaners

Varn® Specialty Chemical: Cleaner & Rejuvenator

Varn® Calcium Eliminator answers the problem of eliminating calcium build-up caused by hard water and the increased use of alkaline papers. Calcium build-up, in the form of white glaze, robs rollers of their printability and eventually causes stripping and complete loss of productivity. This calcium glaze is not readily water-soluble or solvent-soluble and is not removed by conventional glaze removers. Regular use of Varn® Calcium Eliminator will prevent this build-up.

Advantages of Varn® Calcium Eliminator

- Highly effective cleaner - very economical
- Water-based, environmental formula has no VOC or SARA III hazardous ingredients
- Higher viscosity clings to rollers for superior cleaning and flushes with water to remove calcium glaze easily

Varn® Calcium Eliminator

Outperforms Traditional Metering Roller Cleaners

Specifications:

Flash Point: N/A
No VOC Content
No SARA III Reportables
Mild Citrus Odor

Directions:

Blankets:

Wearing rubber gloves, apply Calcium Eliminator full-strength to a damp rag and thoroughly wipe blanket. Rinse liberally with water and follow with a water-miscible blanket wash.

Rollers:

Disengage the ink train from the plate cylinder and the dampening system. Dilute Calcium Eliminator 1:1 with water and run into ink roller train for at least 3 minutes. Flush roller train with water until completely clean. Follow with a water-miscible roller wash mixed with 30% water. To remove very heavy build-up, use more concentrated or full strength.

CAUTION:

Both blankets and rollers must be thoroughly rinsed with water after treatment with Varn's Calcium Eliminator. After removal of initial calcium build-up, use diluted solutions of 5 parts water to 1 part Calcium Eliminator for weekly maintenance. Not recommended for use on dampening systems.

Packaging:

U.S.A.	CANADA
12 x 1 Quarts	12 x 1 Liters
4 x 1 Gallons	1 U.S. Gallon
55 Gallon Drum	

**Inks,
blankets,
chemicals
& more**
