

Technical Data Sheet

Varn® V60 Plus

Automatic or manual roller and blanket wash for all applications

Product Features

- Varn® V60 Plus is a new improved formulation roller and blanket wash that incorporates a unique emulsifying package and solvent blend to provide vastly superior ink solvency over many of the comparative washes available in today's competitive marketplace.
- Varn® V60 Plus is an AIII classification roller and blanket wash that meets the approval of all major OEM's.
- Varn® V60 Plus is proven to reduce wash up cycle time and the volume of solvent typically used.
- Varn® V60 Plus has high anti-corrosion protection and so is ideal for new presses and automatic roller and blanket washing systems.

Advantages

- Excellent ink solvency.
- FOGRA approved.
- ISEGA certified.
- Recommended for automatic roller and blanket washing equipment.
- Safe on all plates including CtP material.
- High flashpoint (>60°C) AIII.
- High press corrosion protection.
- Low odour.

Varn® V60 Plus

Features	Advantages	Benefits
Superior ink solvency power over similar marketed products	Faster wash-ups. Less volume required.	Reduced downtime. Cost effective.
Economical in use.	Lower consumption. Less waste solvent.	Reduced disposal considerations.
Low odour.	Safer pressroom environment.	Improved conditions for pressmen.
Approved by leading original equipment manufacturers.	Compatible with automatic wash systems. Validates warranty.	Versatility of application. No rubber swell on press components.
High flashpoint (AIII classification).	Conforms to UK HSE Solvent Substitution Scheme. Low-hazard.	Environmentally responsible. Safer in use/storage considerations.

Available pack sizes

10 litres (01F9), 20 litres (01H5), 200 litres (01MP) and 1000 litres (01U0).

Product code

KV10-0V6G-#### (final 4 digits relate to pack size).

Application

Blankets: Varn® V60 Plus should be used neat in automatic wash systems or for manual applications can be mixed with up to 50% water to remove gum glaze, ink and lint.

Rollers: Varn® V60 Plus should be used neat in automatic wash systems or for manual applications can be mixed with up to 50% water to remove gum glaze, ink and lint.

For optimum performance use in conjunction with Varn® Take it off/Revitol and Varn® Calcium Deglazer as part of a regular press maintenance system. For even greater efficiency use in conjunction with Varn® Aqua Plus wash water additive.

Follow relevant Good Manufacturing Practice (GMP) guidelines if used for the production of food packaging.

Flashpoint

>60°C (AIII).

Approvals

OEM approved (manroland Coldset, Heatset and Sheetfed presses; KBA Coldset, Heatset and Sheetfed presses; Heidelberg Sheetfed presses; Baldwin) in accordance with Fogra corrosion and elastomer swell testing criteria.

ISEGA certified for safe use in the printing process of food packaging materials.

ISEGA certified for safe use in the printing process of food packaging materials.

More products. Streamlined access. Greater results.

We offer a uniquely powerful combination of products, services and expertise; giving you access to the industry's broadest range of pressroom products.

Pressroom Chemicals. Blankets. Sleeves. Consumables.
