Varn® Green Wash HS

High performance ecological roller and blanket wash for Heatset Web presses, formulated especially for Elettra systems

Product Features

- Varn® Green Wash HS has been developed using the latest technology with the co-operation of Elettra to create a superior, high grade, ecological automatic wash that enhances your system.
- Varn® Green Wash HS is a 100% non VOC wash formulated using highly refined vegetable based raw materials.
- Varn® Green Wash HS complies with legislation enforced by the health and safety executive.
- Varn® Green Wash HS's advanced formulation ensures cleaning time is reduced, thereby minimising waste and downtime.
- Varn® Green Wash HS is an economical, environmentally friendly product for use in the Elettra automatic washing systems.
- Varn® Green Wash HS is plate safe even on unbaked positive plates and the latest CtP material.

Advantages

- Environmentally friendly.
- Economical in use.
- High ink solvency water miscible wash.
- Formulated especially for the Elettra automatic blanket washing system.
- Low viscosity.
- Flashpoint greater than 100°C.
- OEM approved.

Varn® Green Wash HS

Benefits:

Features	Benefits
Vegetable based	Environmentally friendly
Economical in use	Cost effective
Excellent blanket release properties	Increased production
High ink solvency	Minimises waste

Available pack sizes 20 litres (01H5), 200 litres (01MP), 600 litres (01U6) and 1000 litres (01U0).

Product code KV10-0GWG-#### (final 4 digits relate to pack size).

Application Use as instructed by installation engineers.

Flashpoint >100°C.

Approvals OEM approved (KBA and manroland Heatset Web presses, Elettra washing system for web offset presses) in accordance with Fogra corrosion and elastomer swell testing criteria.

More products. Streamlined access. Greater results.

We offer a uniquely powerful combination of products, services and expertise; giving you access to the industry's broadest range of pressroom products.

Pressroom Chemicals. Blankets. Sleeves. Consumables.
