

TECHNICAL DATA SHEET

Varn® SUPREME CA LED 7862 KT25-030

**Description:**

Varn® Supreme CA LED 7862 is designed for use with low energy curable inks as well as conventional inks. This fountain solution will widen the water operating window by creating a controlled emulsion with the low energy cure inks while providing enhanced non-image area plate protection.

Application:

- Recommended dosages: typical dosage range of 4-8 ounces per gallon of water as one-step fount. It can also pair up with Absolute 6300 at 4 to 4.5 opg of Supreme CA LED 7862 + 2 to 3 opg of Absolute 6300 for hard surfaces or demanding jobs. For best results, start with a clean dampening system.

Key Features:

- Reduces the potential for tailing, slip roller build up, and misting through proper emulsion with the ink.
- Compatible with current plate technologies
- Color balance throughout the run at the lowest water setting
- Suitable for conventional, UV/LED and HUV sheetfed presses

TECHNICAL DATA SHEET

Varn® SUPREME CA LED 7862 KT25-030

**Storage:**

- The product should be processed within 12 months after production date.
- To prolong the shelf life, we recommend storing the product in its original, un-opened packaging at room temperature (68 -78 °F), as correct storage conditions are essential.

Quality / Environment / Health & Safety

Flint Group maintains a comprehensive Management System that integrates quality, environment, health & safety. Our production and quality control processes meet high industry standards, ensuring product safety and reliability. When used as intended, our products are safe and pose no hazards under normal conditions. For more details, refer to the Safety Data Sheet.

Handling precautions – skin sensitization

Ensure the use of proper protective equipment when handling chemicals. For detailed guidance, refer to the Safety Data Sheet and consult with your PPE (Personal Protective Equipment) provider.

Additional Information

Please contact your local Flint Group Customer/Technical Service if further information is required.
