ARCADIA®

Identify trends, fill blind spots, and improve performance.

Leverage Enhanced Benchmarks to measure cost, utilization, risk, and quality KPIs, enabling you to identify blind spots, track performance, and compare against competitors. This solution integrates CareJourney's market intelligence and value-based care performance analytics comprised of 100% of Medicare fee-for-service claims and 100% of Medicare Advantage encounters with Arcadia's de-identified benchmarks sample of 20+ million lives across multiple payer types. With Enhanced Benchmarks, you get access to fresh, transparent, and comprehensive insights across the provider, practice, facility, and network levels to discover opportunities to boost performance.
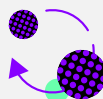

Features

Leverage four distinct data sources for complete and comprehensive benchmarking information

Rely on fresh benchmarking information to find opportunities with intelligence on peers and the market

Draw on hundreds of cost, utilization, risk, and quality metrics for actionable insights

Benefits

Identify blind spots and areas for improvement with actionable data

Surface actionable, relevant benchmarks with much lower lag than other benchmarking solutions

Support major initiatives or organizational changes with a robust, reliable data foundation

---

Top payers and healthcare providers trust Arcadia to deliver insights where they matter most.
