

## Share PDF reports and scorecards with anyone, anywhere — with or without an Arcadia login.

Insights only matter if they convert into action. Leverage Vista Push, part of Arcadia’s Vista analytics dashboard, to send reports and scorecards to all of your stakeholders. Build and distribute polished PDFs free of PHI straight into inboxes, then see what your organization can accomplish with shared insights and a vision for healthcare’s future.

### Features

Create polished PDFs from a large analytics library

Push scorecards straight to stakeholders’ inboxes — no Arcadia login required

Use paginated reporting and authoring functionality to build detailed reports

### Benefits

Drive better decisions and wider initiative adoption with data-driven insights

Customize charts to effectively communicate insights to your audience

Share secure, PHI-free reports

Top payers and healthcare providers trust Arcadia to deliver insights where they matter most.
