## Arcadia Bindery

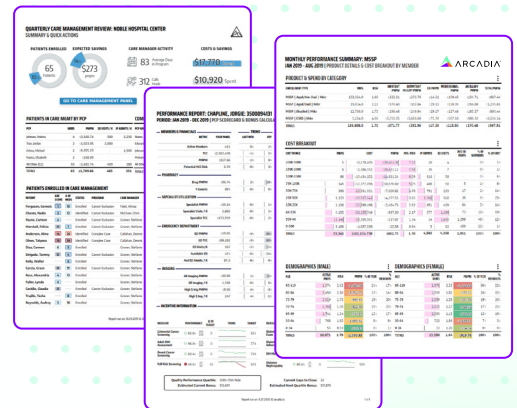

Reduce analyst time spent creating and sending reports and scorecards.

- A shared data analytics model across Arcadia applications to ensure consistency and accelerate report design
- Template gallery of reports and scorecards built by Arcadia's data scientists in partnership with leaders in value-based care
- Configurability allows for individual copies to be created for each provider, risk contract, line of business, and more
- Seamless data refreshes allow for a running history of performance
- Secure, automated delivery of insights through the application

Improve provider adoption, engagement, and performance in value-based contracts.

- Analytic content designed purposely for value-based care reporting and contract management
- Reinforce your brand and organizational goals with powerful data visualizations
- Concise reports tailored to the reader spur action towards value-based care initiatives... all the way at the edges of your network
- Multimodal documents — printable PDFs and interactive web-based versions — delivered securely via email
- Interactivity provides readers with easy drill-downs without hunting for data
