Customer care

You do what you do best, we take care of the rest!

Do you have a service contract in place to handle those unpredictable “what if” situations? In an increasingly dynamic market environment, faults and downtime can often have serious consequences including labor costs, lost revenue, and service costs. Did a system malfunction ever cost you to lose a customer or pay exorbitant overnight shipping fees?

Kardex Remstar offers modular service packages that provide support throughout the life cycle of your system and best suit your operations. We strive to minimize downtime, prevent problems, and provide support with the touch of a button whenever and wherever you need it! This service plan portfolio covers:

Kardex Remstar

Prevention & protection

Even better than solving problems is preventing problems! The shift to ever more complex automated processes calls for a shift in maintenance. Early detection and preventative action are key to keeping your operations running smoothly.

What types of preventive measures do you have in place?

- Do you monitor your systems?
- Do you have critical spare parts handy?
- Do you know your system's overall equipment effectiveness (OEE)?
- Are your machines maintained at the right intervals?
- Do you get fast support in the case of a system failure?

Benefit from proactive monitoring and the possibility to directly access Kardex Remstar systems and software.

Reduce downtime

Minimize technician labor costs

Increase productivity

Kardex has an advanced analysis tool with which we can predict malfunctions and optimally plan preventive interventions.

Excellent Remote Support

We've got you covered: The Kardex expert Helpdesk team offers fast and professional support 24/7. With our cloud-based Remote Support service platform, we can securely connect to your machines whilst conducting remote fixes when required.

We are also ready to help you with future planning and forward thinking. Perhaps relocating is in the pipeline or your inventory and business demands have changed? The Life Cycle Service team can help with modifications, adapt systems to keep up with changing business needs, and integrate newly available technologies.

In short, Kardex Remstar is always nearby when you need us!

High-quality service

High-quality customer care is definitely of the utmost importance. We're proud to share success stories and take pride in the level of quality our technicians provide!

«Kardex Remstar carried out the relocation of seven units for us, including complete dismantling and reassembly at the new location. The service technicians were highly skilled, worked safely, and precisely. They also met all stipulations.»

K.M., Head of Logistics at Matrium GmbH.

The results of a recent study surveying 3,000 customers from 22 countries showed that 90% of respondents are satisfied or very satisfied with the service; 94% would recommend Kardex Remstar.

Kardex service support means you no longer have to worry about expensive repair costs. You can avoid incurring unnecessary, expensive costs by using our certified technicians. Our technicians receive periodic training at the Kardex Remstar Academy to ensure they can serve as trusted advisers and are 100% competent. Practice has shown that their training and instructions have a direct impact on daily performance.

Benefits
