

MCX LIGHTWEIGHT

NEXT GENERATION RIFLE BUILT IN 5.56 NATO ON THE MCX PLATFORM

The MCX platform has long been SIG SAUER'S breeding ground for developing the best rifle system in the world through extensive testing, continued innovation and customer feedback. The latest evolution is the MCX LT, based on its predecessor the MCX Virtus the new MCX LT has a lightened handguard with attachment screws for additional rigidity and a lightened profile barrel with improved accuracy. Other features of the MCX LT include an ambidextrous bolt catch and release on its lower and SL Muzzle device to attach the SLX/SLH QD suppressors from SIG. All MCX-LT's are available in coyote or black finish and come in 5.56 NATO, 300BLK and 7.62x39

MCX LIGHTWEIGHT

IN 7.62X39

The new MCX LT brings the long awaited addition of the 7.62x39 caliber to the MCX family. Developed with a new latch system the 7.62x39 MCX-SPEAR LT was developed to handle the many varieties of 7.62 caliber ammunition while still maintaining reliability and smooth shooting. The New MCX LT, has once again set the bar for modular weapons technology.

SURG

In 2018 Sig was awarded the SURG (Suppressed Upper Receiver Group) contract based on some of the strictest requirements SOCOM has ever put out. SOCOM stipulated that SURG could be no more than 25.5 inches in length. The barrel has to be at least 11.5 inches in length and the weapon can't weigh more than 7.0 pounds. The requirement is in the suppressor performance. First off, a SURG equipped M4A1 has to be optimized to fire the M855A1 and the MK318 MOD0 / MOD1 cartridges and be able to do so reliably for at least 1200 rounds without lubrication. The suppressor must be rebuildable, only one component of the suppressor must be serialized but that part had to last the lifetime of an M4A1 lower receiver (125,000 rounds). The rebuildable components need to last at least 15,000 rounds. Additionally, a SURG equipped M4A1 shall not exceed 140 dB ten shot average sound pressure level at shooter's ear during barrel life minimum (15,000 rounds).

The SURG equipped M4A1 has to withstand at least 6 complete cycles of the SOCOM firing schedule, using MK318 MOD0 / MOD1 ammunition with SURG allowed cooling to 120°F after each cycle.

The weapon firing MK318 MOD1 for 5 groups of 10 rounds each suppressed, has to average over the 5 groups no more than 1.50 MOA Extreme Spread (ES) beyond the ammunition Lot Acceptance Test (LAT) average ES at 300 yards. Also, it has to maintain a maximum ES Average of 1.50 MOA over LAT using MK318 MOD0 / MOD1 ammunition from 0 to 10,000 rounds fired.

In addition to that stress test, SURG has to prevent operator contact or sustained contact burns from the suppressor (or equivalent) through 1 layer of standard military duty uniform material after firing 210 rounds in 7 minutes at a rate of 1 round every 2 seconds \pm 0.2 seconds. A contact burn will be defined as a peak temperature over 160°F in 1 second of contact. A sustained contact burn will be defined as a peak temperature over 160°F in 5 seconds of contact.

MCX UPPER RECEIVER GROUP

The SIG MCX platform was engineered for the demands of special operations forces for adaptability, sound suppression, and longevity. SIG offers complete Upper Receiver assemblies that allow the end user to easily convert their standard M4 rifle into the SIG MCX Platform. Offering cold hammer-forged barrels that are user-changeable, available in 5.56 NATO, 7.62x39 and 300 Blackout across various lengths from in 6.75" to 16". Each MCX Conversion kits comes with the complete upper assembly along with the M4 adapter to remove the standard issued buffer tube, replace it with 1913 rail adapter and put a folding buttstock on any end users M4 Lower.

MCX RATTLER

SIG MCX IN A DISCRETE PLATFORM

Developed for elite special forces, the SIG MCX Rattler is the most compact rifle in the world. Capable of firing with stock folded from an overall length of 16", it redefines the standard for concealable firepower.

ROMEO4XT-PRO

MIL-SPEC COMPACT RED DOT SIGHT

Chosen by elite government and military agencies, the ROMEO4XT-Pro is the ultimate Red Dot sight when fast, accurate target acquisition is a must, regardless of lighting conditions, weather conditions, or terrain. Whether it's a moving target, or a fast-breaking tactical situation at close quarters, the rugged ROMEO4XT-Pro Red Dot sight can handle the job.

ROMEO4XT-PRO

Assembled in the U.S.A.

ROMEO4XT-PRO RED DOT SIGHT

- ▲ Unlimited Eye-Relief
- ▲ Ultra-Efficient Red LED Illumination System
- ▲ Lightweight 7075 Aluminum Main Housing and Components
- ▲ Dependable IPX-8 Waterproof: Submersible to 20m for 30 Minutes
- ▲ Assembled in U.S.A.

Standard Features

- ▲ Designed For Modern Pistols, Carbines, and SMG
- ▲ Quad Ballistic Circle Dot Reticle with Ballistic Holds and 10 Daytime and 2 NV Settings
- ▲ MOTAC™ (Motion Activated Illumination Systems) Powers Up When it Senses Motion and Powers Down when it does not
- ▲ Ultra Durable and Lightweight 7075 Aluminum Main Housing and Components, 1.41" Riser Mount with Additional Lower 1/3 Co-Witness Spacer
- ▲ Standard with Solid and See-Through Lens Covers and Hex Bolt Mount
- ▲ Complete Mil-Spec 810G Testing, Submersible up to 20 Meters
- ▲ Runtime in Excess of 100,000 Hours with Solar and Battery Usage
- ▲ 4 Different Integrated Reticle Options (Dot, Circle-Dot, Dot with Holds, Circle-Dot with Holds)

Shown with JULIET4 Magnifier

MIL-SPEC RED DOT SIGHT

With its wide field of view and forgiving eye-box, the battle hardened ROME08T is ideal for rapid target engagement in any environment.

Available in FDE

Assembled in the U.S.A.

ROME08T 1X38MM

- ▲ Unlimited Eye-Relief
- ▲ Ultra-Efficient Red LED Illumination System
- ▲ Dependable IPX-8 Waterproof: Submersible to 20m for 30 Minutes
- ▲ Lightweight 7075 Aluminum Main Housing and Components
- ▲ Assembled in the U.S.A.

Standard Features

- ▲ High Performance Coatings for Excellent Light Transmittance and Red Dot Contrast in all Situations
- ▲ Quad Ballistic Circle Dot reticle with ballistic holds and 10 Daytime and 2 NV Settings
- ▲ MOTACT™ (Motion Activated Illumination Systems) Powers Up When it Senses Motion and Powers Down when it does not
- ▲ 1.53" Optical Center Height for Optical Device Compatibility
- ▲ 38mm Rectangular Viewing Window for Unmatched Situational Awareness and Target Identification
- ▲ .5MOA Adjustments for Zeroing, with Ballistic Drops Built into the Reticle for Distance Shooting without Dialing
- ▲ 1/2" Hex Bolt Provides Retention of Zero During Extreme Conditions
- ▲ CR123A Battery Provides 100,000 Hours at High-Brightness Setting

JULIET®

MAGNIFIERS

Easily transition between close quarters and medium range targets with a flip of our JULIET magnifier. The JULIET features a quick-release PowerCam mount that flips easily to one side when not in use. Built-in recoil lugs ensure zero hold even after removing and reinstalling.

Assembled in the U.S.A.

JULIET6™ 6X24MM

- ▲ Designed for Carabines and SMG
- ▲ Power and Versatility of a 1-6X Scope, in a Modular System that is Lighter Weight
- ▲ Adjustable Base Mount Provides Customization for Red Dot Sight Combination
- ▲ Assembled in the U.S.A.

Standard Features

- ▲ Quick Release Mount with Built-In Recoil Lugs for a Repeatable Zero
- ▲ PowerCam 90° Mount Pivots to the Side When not Needed
- ▲ Adjustable Height Using Included Spacers
- ▲ Aerospace Grade 6061 Aluminum Housing Ensures a Lifetime of Reliable Service
- ▲ Waterproof Rated IPX-8 (20 Meters for 1 Hour)

JULIET4™ 4X24MM

- ▲ Designed for Carabines and SMG
- ▲ Adjustable Base Mount Provides Customization for Red Dot Sight Combination
- ▲ STEALTH ID™ Trapezoidal Design Breaks up the Optic Shape and Visibility Profile
- ▲ Power and Versatility of a 1-4X Scope, in a Modular System that is a Lighter Weight
- ▲ Adjustable Base Mount Provides Customization for Red Dot Sight Combination
- ▲ Assembled in the U.S.A.

JULIET4™ 3X24MM

- ▲ Designed for Carabines and SMG

TANGO6™

THE CHOICE OF THE U.S. ARMY AND SPECIAL OPERATIONS

TANGO6T riflescopes have been selected by the US Army and USSOCOM to deliver unmatched performance and optical clarity when it matters most. TANGO6T riflescopes are MIL-STD810G tested and approved and are assembled in the U.S.A.

Selected by the U.S. Army as the official optic for the Squad Designated Marksman Rifle (SDMR) System.

Assembled in the U.S.A.

TANGO6T 1-6X24 FFP

- ▲ Designed for AR Platforms
- ▲ Ideal for Close to Mid-Range Tactical Engagements
- ▲ Fiber Optic Power Indicator
- ▲ Multiple Reticle Options Available
- ▲ Daylight Bright Illumination with Locking Illumination Dial
- ▲ Includes Throwlever

Standard Features

- ▲ 6x Super-Zoom Advanced Optical System
- ▲ Throwlever Included with all TANGO6T SKUs
- ▲ Fast Focus Eyepiece
- ▲ Waterproof (IPX-7 rated) and Fog-Proof Performance
- ▲ Night Vision Illuminated Reticle Settings with Locking Illumination Dial
- ▲ Laser Engraved Mounting Line to Align Rifle Scope to Scope Rings (TANGO6T Models)
- ▲ Proprietary Flat Dark Earth (FDE) or Black Anodize Finish Options (TANGO6T Models)

30MM MAINTUBE

Selected by U.S. Air Force and SOCOM for S-VPS contract.

30MM MAINTUBE

TANGO6T™ 1-6X24 SFP

- ▲ Designed for AR Platforms
- ▲ Ideal for Close to Mid-Range Tactical Engagements
- ▲ Fiber Optic Power Indicator
- ▲ Multiple Reticle Options Available
- ▲ HellFire® Reticles: Fiber Optics to Vary Intensity of Central Aiming Point (SFP)
- ▲ Daylight Bright Illumination with Locking Illumination Dial

34MM MAINTUBE

RIFLE AMMO

ELITE PERFORMANCE AMMUNITION

PRECISION MATCH GRADE RIFLE CARTRIDGES

SIG Match Grade rifle rounds are engineered to excel in today's precision auto-loading platforms, as well as bolt-action rifles. Utilizing optimized shell case metallurgy and premium primers, each round is precision-loaded using state-of-the-art, electromechanical monitoring for geometric conformity, and all are 100% inspected.

FEATURES

1. Hollow Point Designed to Maximize BC
2. Thin Jacket Design for Precise Concentricity
3. Bullet Weights are Held within +/- 0.3 Grains
4. Temperature-Stable Propellants
5. Brass Cases are 100% Inspected and Lot Controlled
6. Industry Leading Primers are Unmatched in Power and Performance

PRECISION 300 BLACKOUT

Engineered with the SIG MCX® mission configurable rifle in mind, SIG 300BLK runs with all standard NATO magazines.

FEATURES

- ▲ Minimal Velocity Variation
- ▲ Precision Loaded for Conformity
- ▲ Renowned Sierra MatchKing® Projectile for OTM Rounds
- ▲ Temperature Stable Propellants

SIG 300BLK Subsonic 220gr

SIG propellant chemistry has been optimized to produce the ideal amount of down-bore pressure for cycling both piston and gas-driven platforms, with or without sound suppression. SIG 300BLK Subsonic rounds minimize recoil, sound, and muzzle flash, while maximizing the number of hits on target.

SIG 300BLK Supersonic 125gr

The ultimate rounds for precision shots at extended range, SIG 300BLK Supersonic features Sierra MatchKing® projectiles in a pointed meplat design for maximum velocity retention - yielding flatter trajectories and more on-target energy.

HYBRID AMMUNITION

SIG FURY ACCUBOND®

H277SFAB150-20 277 SIG FURY 150GR

277FURY

SHARED FEATURES

- ▲ FURY hybrid case technology delivers greater velocity for increased on-target performance
- ▲ Utilizes the Nosler Accubond 150 grain big game bullet
- ▲ Hybrid case designed for higher muzzle velocity in shorter barrel length
- ▲ Loaded to exacting standards for consistency and reliability

SIG FURY ACCUBOND® AMMUNITION

SIG FURY Hybrid case ammunition represents the biggest innovation in ammunition technology in more than 100 years, and now SIG SAUER® is pairing this revolutionary case design with the advanced Accubond bullet from Nosler®. SIG FURY Accubond hunting ammunition delivers increased speed and greater energy on target for maximum effectiveness.

NEXT GENERATION

FURY REVOLUTIONARY HYBRID AMMUNITION

Developed for the U.S. Military's Next Generation Weapons System, the new SIG FURY™ hybrid-case ammunition outperforms standard ammunition in similar calibers, with greater velocity, decreased bullet drop and increased energy on target. SIG FURY hybrid-case ammunition, the next generation of ammunition is here.

SLX RIFLE

SUPPRESSORS

The next generation of suppressor technology has arrived. The SLX series of rifle suppressors from SIG SAUER was born out of today's military requirements and is designed to deliver cutting edge performance. The new Clutch-LOK QD mounting system is easy to use, repeatable, and extremely durable. The cross flow baffle design delivers an entirely new shooting experience while reducing harmful toxic gases to the user, allowing gases to expand and cool at a faster rate than the traditional baffle design, while minimizing increase in bolt speed.

SLH RIFLE

SUPPRESSORS

The next generation of suppressor technology has arrived. The SLH series of rifle suppressors from SIG SAUER® was born out of today's military requirements and is designed to deliver cutting edge performance. The new Clutch-LOK QD mounting system is easy to use, repeatable, and extremely durable. The cross flow baffle design delivers an entirely new shooting experience while reducing harmful toxic gases to the user, allowing gases to expand and cool at a faster rate than the traditional baffle design, while minimizing increase in bolt speed.

TRAINING

SIG SAUER ACADEMY

WE'LL MAKE YOU A BETTER SHOOTER. GUARANTEED

With a team of world class instructors, from a broad range of backgrounds, the SIG SAUER Academy provides the finest firearms and tactics training available today. Using our objective and performance-based training methods we can help develop and expand the abilities of virtually any level of firearms user.

Our expert staff of instructors have the unique ability and experience that allows them to train all types of firearms users, from beginners to experts, from civilians to elite military, and law enforcement agencies. The SIG SAUER Academy is committed to delivering the best, most realistic, fundamentally sound training experience possible. We'll make you a better shooter. Guaranteed.

For course descriptions, schedules, and more, visit [sigsaueracademy.com](https://www.sigsaueracademy.com)

FACILITIES

The SIG SAUER AcademySM offers 140 acres of state-of-the-art indoor and outdoor training facilities. We have developed a variety of ranges and infrastructure allowing us to create almost any type of environment and to prepare for practically any situation. Facilities include:

- 26 Different Live Fire Ranges
- 1,000 Yard Rifle Range
- 2 Live Fire Shoothouses
- Indoor Pistol and Rifle Ranges
- 270 Degree Range
- Tactical Training with Breaching Capabilities
- Obstacle Course
- Vehicle Defense Range

Additionally, the SIG SAUER Academy is home to the **factory-direct SIG SAUER Pro Shop**, displaying the entire line of SIG SAUER pistols, rifles, electro-optics, suppressors, ammunition, air guns, accessories, and apparel.

PRIVATE AND MOBILE TRAINING

The SIG SAUER Academy is dedicated to providing the highest level of training available, tailored to fit any individual or organized group needs. We provide customized private classes at our Academy, or we can take our expert training to a private location upon request.

Private classes for corporate and executive clients, as well as government agencies and private groups, or individuals, are available either as a standard course listed on our website or as a custom class designed to your specific needs. Private instruction ranges from foundational shooting tutorials to advanced dynamic tactics in a one-on-one or group learning environment.

INTERNATIONAL CUSTOMERS

The SIG SAUER Academy has a diverse staff of expert, bilingual instructors that provide the highest level of training and instruction to international civilian and military/law enforcement customers.

SIG SAUER Academy staff have consistently trained with some of the world's most elite counterterrorism units, providing expert instruction across a wide range of training needs. Our staff and facilities can provide any level of instruction needed to international clients, and can provide all of the necessary equipment and materials, including all tactical equipment and firearms no matter what manufacturer or platform is required.

ABOUT OUR COURSES

PISTOL/RIFLE/SHOTGUN/PRECISION SCOPED RIFLE

The SIG SAUER Academy has programs that are designed to achieve results across a broad range of platforms, from pistols and rifles, to shotguns and precision long-range shooting. All courses are taught from a foundational level and have a progression structure allowing students to develop their skills at their own pace. Depending on your personal training objectives, we offer classes for personal and home defense, individual skill building, and instructor certification.

ADVANCED TRAINING

Advanced training courses are designed to take a student's skills to an extremely high level. These classes help provide students the knowledge, skills, and confidence to improve their performance and decision-making in a high-risk, high-stress environment. These courses include specific subjects such as low light pistol and rifle, advanced medical training, executive protection, as well as vehicle and scenario-based training.

ARMORER

SIG SAUER is one of the many major manufacturers that offers civilian armorer courses. Our armorer's certification gives students a complete and thorough understanding of SIG SAUER firearms, proper maintenance techniques, and inspection processes. These courses are designed to provide all of the necessary information to preserve the firearms factory warranty. Students who successfully complete these courses receive a three year armorer certification.

LAW ENFORCEMENT/MILITARY

SIG SAUER Academy is dedicated to providing the highest level of global training for military and law enforcement professionals. Courses include specific subjects such as bus and vehicle assault, night vision, breaching, and direct threat care. Any course can be conducted remotely or customized to meet agency or department needs. Custom course design and implementation allow for any desired capability and duration of training. The SIG SAUER Academy also has physical fitness facilities available to visiting groups at no charge.

TRAINING

SIG SAUER ACADEMY

MORE THAN TRAINING. A DESTINATION. SIG SAUER ACADEMYSM is located in the Seacoast region of New Hampshire, just an hour north of Boston, and an hour south of Portland, Maine. New Hampshire is home to 18 miles of New England coastline and beaches, and is situated approximately an hour away from several top-rated ski resorts in the White Mountains. Nearby historic Portsmouth is a favorite tourist destination, featuring nationally-recognized restaurants and cuisine, outdoor sight-seeing activities, local boutiques, tax-free shopping, and a thriving nightlife. There are several major transportation hubs allowing easy access along with a wide variety of accommodations available nearby.

PRO SHOP

The SIG SAUER Academy Pro Shop is a full-service, factory-direct retail store open to the public, located on the grounds of the SIG SAUER Academy. The Pro Shop features the entire line of SIG SAUER pistols, rifles, electro-optics, suppressors, ammunition, airguns, accessories, and apparel and also has armorers services available on-site. The Pro Shop staff are highly trained and can provide expert advice on all of the latest SIG SAUER products.

ACCOMODATIONS

Through partnership with SIG SAUER®, we offer special rate arrangements with local hotels in Exeter, Dover, and Portsmouth NH, all within 10-30 minutes of the Academy.

TRANSPORTATION

The SIG SAUER Academy is about 30 minutes east of Manchester, New Hampshire Airport (MHT), and about an hour north of Boston International Airport (BOS) in Massachusetts. Some SIG SAUER partner hotels also offer students free shuttle access to and from the Academy.

EXETER

Boasting tree-lined streets and a wealth of historical architecture, Exeter is a quick 10 minutes from the Academy and hosts three of our preferred hotels. With ample restaurants, shopping and night life, this picturesque river town is a convenient place to stay while training at the Academy and is roughly 10 miles inland from the coast.

PORTSMOUTH

Venture into downtown Portsmouth, where you'll find a steady mix of modern and historic flair. From cobblestone-lined streets and historic buildings, to waterfront dining and local breweries, Portsmouth is not to be missed while here.

NOW OPEN!

EPPING, NH

EXPERIENCE CENTER

The SIG Experience Center is home to the SIG SAUER Flagship Store, the SIG SAUER Academy Shooting Center, the SIG SAUER Museum, the exclusive members only Club 1751, along with a complete conference and events center.
