

Get More Value with Key Document Identification

KEY DOCUMENTS ARE A CRITICAL PART OF CASE STRATEGY AND PREPARATION

From finding documents within case themes to deposition preparation, they play a pivotal role in supporting offensive and defensive strategies. The right partner can make a big difference in the speed and quality of the results, which in turn, can affect case outcomes.

At Lighthouse, we optimized our key document review solution to deliver the documents you need in the time you need them. The table below illustrates how Lighthouse stacks up against other approaches for a typical matter.

300,000 starting documents

5 topics / depositions

	Lighthouse review	Find Facts Fast	Linear review
Team size	4 linguists and subject matter experts	10 analysts and reviewers	27 reviewers
Days to complete	18	45	56
Yield	<1%	5%	20%*
Law firm review**	3K documents	15K documents	60K documents
Total cost	\$264,529	\$547,500	\$750,000***

There are three core elements in getting the documents you need when you want them:

Team size – A small team means easier communication, leading to higher consistency—especially important as new information arises.

Days to complete – Faster results gives case teams more time to explore additional themes, pivot, and craft case strategy.

Yield – Labeling a smaller percentage of the corpus as key decreases the burden, time, and cost of downstream review.

* Typical yield of this approach is 10-30%

** Assuming \$500/hr associate review cost with a review pace of 40 docs/hr

*** Assuming \$1.50 / doc for review

The Secret to Our Typical Yield of 1% or Less

Nuanced search

We deliver a highly-targeted set of documents by using the right combination of expertise and technology to scale search that's contextualized.

Best versioning process

Our team hand-selects the fewest documents that provides counsel with the complete picture of a fact pattern. This minimizes counsel's document review time investment without the fear of missing critical information necessary for the case.

TEAM

Your Lighthouse key document review team is comprised of **information retrieval experts**.

Who are information retrieval experts?

A team with a combination of linguistic, data science, and legal expertise.

TOOL

Our proprietary tool was built to **scale** expert searches of document text and metadata.

What do we mean by scale?

One line of Lighthouse search can replace 700K lines in a common search tool.

“

It wouldn't have been possible without [Lighthouse] putting us in a position to succeed. I can't tell you how many times we relied on the searches and work product that [your team] generated.
