

# ODYSSEY COLLECTION

Luxury Hinged Doors

## LUXURY ARRIVES IN A NEW, BESPOKE FORM.

Introduce a new era of sophistication for your entryway with the unveiling of the Panda Windows & Doors Odyssey Collection of premium hinged doors. Odyssey Collection doors offer a stunning selection of designs and materials, crafted with meticulous attention to detail and premium materials.

Odyssey Collection doors seamlessly integrate into your architectural vision, boasting an array of elegant designs and the ability to personalize every aspect, from panel profiles and hardware finishes to exquisite glass options. Experience the effortless elegance of Odyssey Collection designs with the same structural integrity and weather resistance that have become synonymous with our brand.

The Odyssey Collection represents a commitment to design flexibility without sacrificing quality. Whether you envision a dramatic focal point or a luxurious transition to your outdoor space, our doors offer a perfect blend of functionality and captivating aesthetics, elevating your project to new heights.

Panda Windows and Doors is known for creating the largest doors in the industry. Our Odyssey Collection is no exception. Thanks to our innovative frames and hardware, we can create doors up to 3.5 ft wide and 12 ft tall with a maximum weight of 500 lbs!

When deciding on the size of your new hinged door, partnering with an engineer specializing in hinged doors is essential. Large hinged doors demand expert planning and craftsmanship for proper function and structural integration. It is important to assess your needs, calculate precise dimensions, and select optimal materials and hardware, to ensure your door is both beautiful and durable.

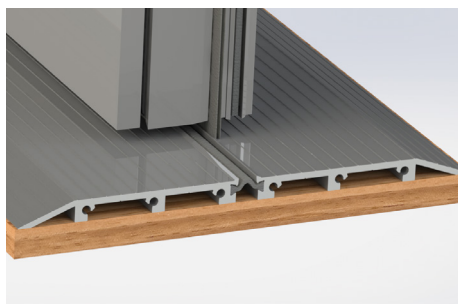

### **$\frac{3}{8}$ " SURFACE TRACK**

This track can be installed directly on top of finished flooring or partially recessed. It is great for interior projects as the sill is only  $\frac{3}{8}$ " deep.

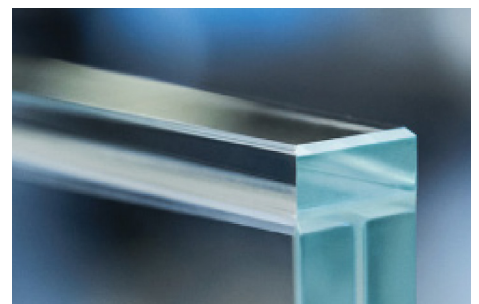

### **$\frac{3}{8}$ " ADA SURFACE TRACK**

This track is installed directly on top of finished flooring or can be partially recessed. This track is great for applications that require ADA compliance as it has ramps on the interior and exterior.

### **GLASS OPTIONS**

Low-E glass comes standard for all units. If you require a specific Low-E or no Low-E option to help reduce energy loss we will be happy to advise you on the best type of glass for your project.

WE HAVE A  
BEAUTIFUL ARRAY  
OF STANDARD  
DESIGNS AND  
COLORS, BUT **ANY  
DOOR CAN BE  
CUSTOMIZED.**

The interior of the door  
can be matched to the  
exterior or your choice  
of solid color.

These images reflect  
the base colors of each  
design, but the colors  
of every door can be  
freely customized.

Color matching is  
possible, but not  
guaranteed.

## PANDA IS DEDICATED TO CUSTOMIZING OUR PRODUCTS TO FIT YOUR NEEDS.

We have a variety of tracks, panel profiles, glass options, and hardware to fit every project. We are excited to take this a step further by offering a variety of customizable exterior finishes that will blend seamlessly into any design. Choose anything from faux wood to prismatic colors! These metal composite sheets are made in the US from largely post-consumer recycled materials.

Choose from one of our beautiful designs or work with our team to create your very own.

With over one hundred finishes available, the only limit is your imagination!

# HANDLE OPTIONS

(rounded)

(square)

## LADDER PULLS

Ladder pulls are standard on door exteriors but can also be added to the interior upon request. Ladder pulls are available in round or square profiles, and in chrome or black finishes.

Ladder pull handles begin from 4ft. up to 7ft.

## SMART HANDLE DESIGN 1

## SMART HANDLE DESIGN 2

Smart handles provide effortless unlocking operations with a simple touch, keypad entry, smartphone app integration, or a quick scan of your fingerprint or RFID card. These smart handles come with a built-in high-quality security camera which provides an extra layer of protection, keeping a watchful and secure eye on your home's entryway. Powered by a reliable external power supply with a backup battery, you can trust in continuous operation, rain or shine.

## ARIA
