Luxury You Can Feel

TECHNICAL INFORMATION

FOLDING HANDLES

Panda 100

Finish is powder coated to match the system.

Our standard throw handle.

Panda 150

Finish is powder coated to match the system.

An alternate throw handle design.

Panda 200

Finish is powder coated to match the system.

This pull handle (also known as a D-Ring) is used on every Folding Door system to pull door panels together to operate the throw handle when closing the system.

Panda 250

Finish is powder coated to match the system.

An alternate pull handle used to pull door panels together to operate the throw handle when closing the system.

Panda 300

Finish is powder coated to match the system.

An alternate throw handle exclusive to Ultra Folding Doors.

Panda-V

Finish is powder coated to match the system.

An alternate throw handle design for wood systems.

Panda-V (Lock)

Finish is powder coated to match the system.

An alternate throw handle design for wood systems.

Aria Throw

Available in Dark Bronze and White.

An alternate throw handle design that matches the “Aria” swing door handle style.

Additional handles for use in system configurations that utilize operable doors can be found on page 10.

HSW HANDLES

Panda 150

Finish is powder coated to match the system.

Our standard throw handle.

Panda-V

Finish is powder coated to match the system.

An alternate throw handle design.

Designed only for use on Solid Wood systems.

Panda-V (Lock)

Finish is powder coated to match the system.

An alternate throw handle design with lock integration.

Designed only for use on Solid Wood systems.

Aria Throw

Available in Dark Bronze and White.

An alternate throw handle design that matches the “Aria” swing door handle style.

Additional handles for use in system configurations that utilize operable doors can be found on page 10.

X0 SLIM LINE HANDLE

Tavi

Finish is, by default, powder coated to match the system.

To best compliment the system, the TS.X0 supports a sleek and seamless handle that enhances the system's aesthetic in any application.

MULTI-SLIDE HANDLES

Cremone

Finish is powder coated to match the system.

Unavailable for SS.90 systems and PandaSelect.

Tower

Available in Silver, White, and Black.

This handle recesses into the panel and is intended for when the door is pocketed.

Unavailable for SS.90 systems and PandaSelect.

Recessed

Available in Black, Silver, and White.

This handle recesses into the panel and is intended for when the door is pocketed.

Unavailable for SS.90 systems and PandaSelect.

Flush

Available in White and Black.

This handle is recessed into the panel and is intended for when the door is pocketed.

Available only for SS.90 systems and S.39 screens.

Tev500

Available in Black, White, Satin Chrome, and Oil Rubbed Bronze.

This handle is recessed into the panel for a sleek flush appearance.

Exclusive to PandaSelect systems.

Smart Handle

This slim smart handle features multiple unlocking mechanisms such as a fingerprint scanner and RFID reader.

Unavailable for SS.90 systems and PandaSelect.

VOYAGE COLLECTION HANDLES

Round Ladder Pull

Available in Chrome and Black.

Ladder pull handles begin from 4ft. up to 7ft.

Ladder pulls are standard on door exteriors, but can also be added to the interior upon request.

Also available for standard Pivot doors.

Square Ladder Pull

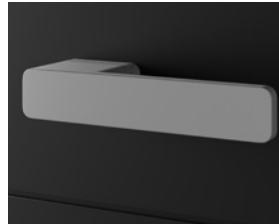

Available in Brushed Chrome and Black.

An alternate, cubic shape of our standard ladder pull.

Also available for standard Pivot doors.

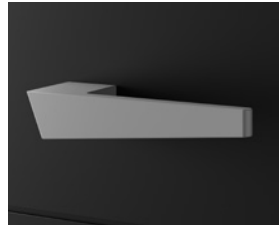

Both ladder pulls can be integrated with an optional fingerprint scanner.

One (Minimal)

Available in Black, Chrome, Brass, and White.

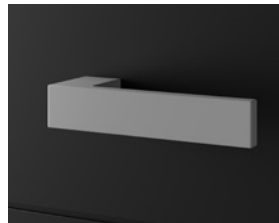

Wonder (Minimal)

Available in Black, Chrome, and Champagne.

Seattle (Slim)

Available in Black and Chrome.

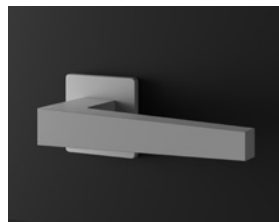

Seattle (Minimal)

Available in Black and Chrome.

Phoenix (Slim)

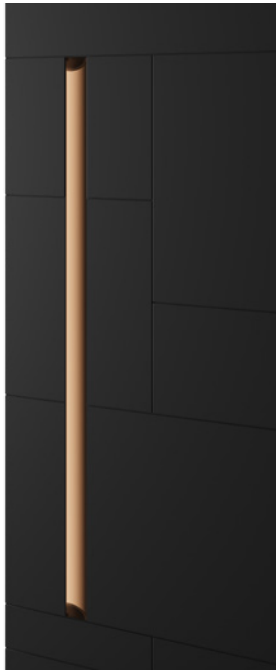

Available in Black and Chrome.

Seoul (Slim)

Available in Black and Chrome.

VOYAGE COLLECTION HANDLES *(cont.)*

Recessed Handle

Optional LED lighting can be placed within the recessed handle.

A seamless handle that integrates directly into the door, keeping the surface flush. This feature can be placed either horizontally or vertically.

Smart Handle

The Smart Handle is a modern, bespoke handle that supports multiple unlocking mechanisms such as fingerprint scanner, RFID reader, and PIN pad. It also supports an interior camera that allows you to view would-be guests from the comfort of the indoors.

Also available for standard Pivot doors.

VOYAGE COLLECTION LOCKS

Fingerprint Scanner

Available in Black and Stainless-Steel Grey.

This fingerprint scanner can replace traditional keys for your front door. Installed directly in the door handle or leaf, it offers convenient and secure access with features like smartphone control, on-the-fly authorization, and phone notifications. This scanner also comes with compatibility with Amazon Alexa for further smarthome capabilities.

Keypad Integra

Available in Anthracite (Dark Grey), Stainless-Steel Gray, and White.

The Keypad Integra is a code pad designed to complement the above fingerprint scanners. It offers easy access control with a backlit keypad that can store up to 99 unique codes. It can be mounted directly on a door or frame, or on the wall using a separate mounting frame. The keypad transmits data to a control panel using encrypted communication for additional security.

LIFT & SLIDE HANDLES

Priamo

Available in Black 9005 and Satin Chrome.

Enea

Available in Black 9005 and Satin Chrome.

Laser

Available in Black 9005 and Satin Chrome.

Recessed Handle

Available in Silver, White, Brown, and Black.

This handle is recessed into the panel and is primarily for use in applications where the door is pocketed, since no additional space for handle depth will be available.

Q-Arte

Available in Black, Satin Chrome, Dark Bronze, and White.

This handle is a sleek combination of comfort and design.

Temporary Handle

This handle is powder coated to match the color of the system.

Temporary Handles are standard for every system that features two or more operable panels. This allows operation of interior panels without a permanent handle.

Hoppe Folding Handle

Available in Rustic Umber (Dark Bronze), Alpine Forest (Brushed Nickel), and Matte Black.

This handle is recessed into the panel to conserve space when pocketed.

Only available as a special order. Not offered for PandaSelect systems, the LS.85, the LWWAS.15, or the LTS.87.

OPERABLE DOOR HANDLES

These handles are available for Hinged Doors, Pivot Doors, and other systems and configurations that integrate operable doors (Horizontal Sliding Walls and Folding Doors).

Leilani

Available in White, Black, and Dark Bronze.

Aria

Available in White, Dark Bronze, Black, Silver, Brushed Chrome, and Satin Chrome.

Summit

Available in White, Dark Bronze, Black, Silver, Brushed Chrome, and Satin Chrome.

Acacia

Available in White, Dark Bronze, Black, Silver, Brushed Chrome, and Satin Chrome.

Smart Handle

Supports multiple unlocking mechanisms such as PIN pad, RFID reader, and fingerprint scanner.
