TRUFLO

Genuine Parts Kits

Experience the many benefits of parts kits over individual components.

- Everything you need before opening the pump
- Reduced frequency of repairs
- Reduced downtime
- Reduced cost
- Extended service life

Accessories

Simplify installation and increase reliability.

- Strainers
- Meters
- Filter Regulators
- Pulsation Dampeners

Complete Engineered Packages

Custom solutions based on your application.

- Engineered Packages
- VFD's and controls
- Various drive options
- Seal flush plans
- Up to 200 + H.P.
- Industrial or hygienic applications
- API Pump Systems

HD INDUSTRIAL PACKAGE
UP TO 1600 GPM
