

A collection of various guitar pedals is arranged on a black pedalboard. The pedals include a red one at the top left, a tan one in the top center, a red one with three knobs on the right, a blue 'FULL-DRIVE 2' MOSFET pedal in the center, a red 'DAVID ENIGMA' pedal below it, and a white 'JHS' pedal at the bottom right. A black foot pedal with the 'GATOR' logo is also visible on the right. The background is a warm, textured surface.

VERTEX SERIES PEDALBOARDS

LIGHTWEIGHT ALUMINUM PEDALBOARDS WITH CARRYING BAGS

NEW!

Vertex Effects and Gator Cases have come together in an exclusive partnership to deliver one of the most versatile pedalboard ecosystems on the market. Where the creative innovation of Vertex meets the rugged, tour-tough engineering of Gator Cases, it's no wonder the Vertex By Gator pedalboard meets the needs of any player - bringing their effects, tone, and creativity to life.

- **DURABLE ALUMINUM FRAME:** Constructed from lightweight, rugged 8-gauge aluminum for long-term reliability while keeping weight to a minimum, ideal for frequent transport and gig use. Non-slip rubber feet provide maximum stability on stage, and smooth, rounded edges and corners allow for safer, more comfortable handling.
- **OPTIMIZED PEDALBOARD DESIGN:** Durable, non-textured powder coat allows a reliable hold after precise self-fastener placement, while large platform cutouts make cable routing and cable management easy. Magnetized flip-top 2nd tier for added layer of pedals and additional easy-access positioning slots for interchangeable modules
- **PREMIUM GIG BAG INCLUDED:** Weather-resistant 600D nylon gig bag with 20mm foam padding, YKK zippers, spacious pockets, padded contoured handle, 10' rolls of both hook and loop fastener, 12 4" cable ties, and D-rings for optional shoulder strap ensures secure, protective, and convenient transport.

PROTECHTOR CLASSIC SERIES
ROTO MOLDED DRUM CASES

- Recognized as the industry standard rotationally molded drum cases
- Provides strength, durability, and simplicity for almost any drum size
- The rotational molding process gives added strength and durability to case corners and provides water resistance that non-roto molded cases can't match
- Comes with a limited, lifetime warranty against cracking
- The multi-tom case features rounded pockets to make room for floor tom leg mounts
- The 34" maximum depth allows for any combination of floor toms (up to 16" diameter), mounted toms, or snares
