Make cleaning seamless.	Hidden Heating Element	The bake element is hidden under the ceramic enamel surface at the bottom of the oven, providing a seamless cavity that makes cleaning easy.	Cleanup is easy with a smooth interior cavity.	
Hands-off cleaning.	Catalytic and Steam Clean	The Catalytic Cleaning system does the heavy lifting by continuously absorbing splashes and oxidizing residue at high temperatures to clean without intensive scrubbing. For lighter cleaning needs, use Steam Clean for cleaning in 20 minutes.	Keep your oven sparkling clean with a catalytic liner that continuously cleans while cooking. Steam Clean for lighter cleaning needs.
