

## Sedation-Free TNE Procedure Room Layout

Room setup can help with efficiency, patient/family experience, and room turnover. Setup will vary by medical center and the space where sedation-free TNEs will be performed. This example is one possible arrangement.

Wash Station/Sink	Reclining & Height Adjustable Chair Physician	Water/Air/Suction Hook Up  OOO  Nursing Dashboard Workspa Scope Controller, Printer, VR Equipment, Biopsies, Pulse Ox, etc.  Nurse	
Child Life Ex		Family Chairs or Couch	Scope & VR Storage Cabinets  Phone Cabinets
