

Adapt™ SC

Standard Condensing Tankless

Dependable High Efficiency Tankless Water Heaters from A. O. Smith

Dependable and efficient hot water is available for all with A. O. Smith’s Adapt SC high efficiency, standard condensing tankless water heaters. Adapt SC offers 2” or 3” venting, integrated X3™ Scale Prevention Technology, and topped off with an extremely efficient ENERGY STAR® performance all packaged to meet your customer’s needs. What’s more, never worry about descaling maintenance with optional X3™ Scale Prevention Technology.

Easy Install:

- Cascade up to 12 units with one cable per heater, cable included
- 2” and 3” Inch Venting
- 199k/180k/160k BTU Platforms

Exceptional performance:

- ENERGY STAR® certified with 0.95 UEF
- Ultra-low NOx Emissions
- Up to \$600 Federal Tax Credit; local rebates may also apply

Virtually Maintenance Free with X3™ Scale Prevention Technology:

- Extends the expected life of the unit up to three times longer
- No warranty exclusions for hard water with X3™ models
- Maintains “like-new” performance longer
