A complete list of medications and services requiring prior authorization is maintained and available upon request.

STANDARD PRIOR AUTHORIZATION REQUESTS

Metric	Result
Percentage of standard prior authorization requests that were approved , aggregated for all items and services	72%

Percentage of standard prior authorization requests that were denied , aggregated for all items and services	28%
Percentage of prior authorization requests that were approved after appeal , aggregated for all items and services	5%
Percentage of prior authorization requests for which the timeframe for review was extended and the request was approved, aggregated for all items and services	8%

EXPEDITED PRIOR AUTHORIZATION REQUESTS

Metric	Result
Percentage of expedited prior authorization requests that were approved , aggregated for all items and services	77%
Percentage of expedited prior authorization requests that were denied , aggregated for all items and services	23%

PRIOR AUTHORIZATION DETERMINATION TURNAROUND TIMES

Request Type	Average Time	Median Time
