Uncover Pharmacy Benefits Savings with an RxBenefits Financial Analysis

Informed Decisions Lead to Better Outcomes

At RxBenefits we're doing things differently. We go beyond identifying wasted pharmacy spend, we connect you to a marketplace of pharmacy benefits managers (PBMs) and cost containment options, empowering you to deliver the best solutions for your clients no matter their needs.

Discover The Potential Today

How can you unlock pharmacy benefits savings? RxBenefits' free financial analysis provides insights and actionable strategies to address each of your clients' unique needs. Our independent experts will evaluate your clients' current spend and share options for optimizing their plans - and all you have to do is provide a claims file.

This valuable, extensive analysis demonstrates significant untapped client savings opportunitiesand is only available from RxBenefits. It also saves time by delivering multiple proven plan options right at your fingertips.

28%
Average First Year Savings

What The RxBenefits Financial Analysis Delivers

Comprehensive Cost-Saving Assessment
Reveal hidden costs, assess contracts, and identify the top 20 drugs driving each client's spend to clarify the biggest savings opportunities

Multiple Options in One Place
Transparent, side-by-side comparisons of PBMs show how current costs stack up against potential alternatives

Proactive Problem-Solving
Identify wasted spend and highlight potential savings, with added impact from our clinical management

Disruption Analysis
Evaluate potential plan disruption based on clients' claims data

How We're Different:

Independence You Can Count on

With an experienced team and a unique focus on pharmacy benefits, we offer a truly independent review by licensed pharmacists. This neutrality is key – our recommendations are based on your clients' best interests.

PBM Experience that Empowers You

Gain unmatched insights through our carefully curated PBM marketplace. We present all available options, empowering you to deliver the right solution while staying ahead of industry changes.

Simplifying the Complex

We turn industry complexity into clarity, helping you pinpoint challenges and opportunities.

Explore smarter pharmacy strategies. Request a free financial analysis now.
